Sharma had come to the court and testified after he had retired from service and had stated that in the mid night of 31.12.2007 and 1.1.2008 he was posted as a Sub-Inspector at Thana Civil Lines, District Rampur. He had stated that the incident was of 1.1.2008 and had occurred at around 02:30 AM. In the same strain he had mentioned that on 1.1.2008 he had started from the thana at around 12:25 AM alongwith Constable Indrapal (PW-6) who was carrying a service rifle and was also having 30 cartridges. Alongwith these two, Jitendra (PW-38) another constable was also there and was having a service rifle with 30 cartridges. Home Guard Aftab Khan also was there and he had a rifle with 30 live cartridges. They were on a government jeep (UP22G0019) and the jeep was being driven by Constable 118 Jaswant Singh. PW-1 himself was having a service revolver of 38 bore and had 12 live bullets with him. After having done the regular round, the entire team had reached Kosi Bridge and was stationed at the toll of the CRPF. At the CRPF toll the picket duty was being done by Sub-Inspector Bihari Lal, Constable Nasir Ali, Constable Virendra Rana, Home Guard Lakhpat and Ram Gopal. They were all carrying weapons

provided by the State. When the PW-1 alongwith his policemen reached the CRPF Camp and had commenced their duties, then from the Gate No. 1 they heard the sound of firing. This prompted the PW-1 to believe that at Gate No.1 some incident had taken place and therefore they all reached the CRPF Gate No.1 and parked the jeep alongside the road. They got out of the jeep and somehow reached the CRPF Gate No.1 and in the light of the electricity bulb they saw 4-5 persons with modern automatic weapons and that they were aiming at the jawans of the CRPF and were firing upon them. The way the firing was going on, the PW-1 and his team was convinced that they were all terrorists. He had then stated that from amongst the various terrorists one Jang Bahadur who was at Gate No. 1 of the CRPF Camp had a little ahead of him Irfan Shahjad and Mohd. Farooq. They were all having AK-47 rifles and were incessantly firing towards the CRPF Camp and they were also throwing grenades. Just near Sabauddin, Mohd. Sharif was also standing. He was also targetting the CRPF Camp with grenades. Jang Bahadur, he had heard, was saying to Imran and Sharif that they may move a little from the place where they were standing and from there they may throw grenades. To Farooq he was saying that he may hurl the grenades and kill the *kafirs*. Jang Bahadur was also directing Mohd. Sharif to throw grenades from behind. Jang Bahadur was all the time

inciting his friends and was encouraging them and he was also passing on all the informations of the camp to his men. The PW-1 realising that he had to confront a very powerful set of people directed his own men that while they may protect themselves, they had also to kill the terrorists. The Sub-Inspector also fired twice from his revolver towards the terrorists. Indrapal fired eight rounds from his rifle. Jitendra fired seven rounds and similarly Virendra fired five rounds. Aftab also fired five rounds. When the police party fired from a particular point then the terrorists aimed at them and threw a grenade towards them which hit Constable Indrapal. Not only that, one particular ball of fire also hit the Home Guard Aftab Khan and they both got injured. Also the rifle of Constable Indrapal got damaged. The terrorists Imran Shahjad and Mohd. Farooq while firing with their AK-47 rifles entered the CRPF Camp. First Imran entered thereafter Farooq entered and they continued to fire and also continued to throw grenades. From both sides since firing was taking place, the PW-1 could hear the sounds of the firing loud and clear. At this juncture, the Sub-Inspector (PW-1) informed the control room about the terrorists' attack and he prayed for more help. It had been stated that the incident was of 1.1.2008 and had occurred at around 02:30 AM. He reiterated that in the light which was there he alongwith his companion police personnel had recognised the terrorists. After sometime the firing stopped. Thereafter the police team tried to chase the terrorists unsuccessfully. He then had stated that thereafter the police team entered the CRPF Camp and by that time Satya Prakash Sharma alongwith other police personnel had reached the place of incident. The

officials of the CRPF also reached the place of incident. Outside the Gate No. 1, the CRPF jawan Devendra Singh and Constable Vikas alongwith one rikshaw puller Kishan Lal had been hit with bullets fired by the terrorists and they had died and their dead-bodies were lying outside the CRPF Gate No. 1. At this place he had stated that Constable Pradeep Kumar, Constable Ranjan Lal and Havaladar Afzal Ahmad had also been hit by bullets and they were also injured. Afzal Ahmad while going to the hospital of the CRPF, died. The Constable Kendra Singh who had been injured inside the CRPF Camp alongwith Havaladar Ramji Saran Mishra, Havaladar Rishikesh Rai, Constable Manveer Singh and Constable Anand Singh had also died and their dead-bodies were lying inside the CRPF Camp. Near the CRPF Gate No. 1, the SLR of a CRPF jawan had got damaged and was lying there. Since, the terrorists had thrown grenades on the control room of the D.I.G. the marks of the grenades where they had hit were to be seen. He had stated that a lot of people who were passing by the main highway had got terrorised. The Constable Indrapal and Home Guard Aftab Khan had got injured because of the bullets hitting them and they were taken to the Rampur District Hospital. Their medical reports were sent through Constable Mahipal. The injured Indrapal and Aftab had submitted their damaged weapons and the bullets, which they had, in Thana Civil Lines Rampur. He had stated that he had lodged the F.I.R. in his own handwriting, which was numbered as Exhibit Ka-1 and the F.I.R. upon being lodged had given rise to Case Crime No. 8 of 2008, under Sections 147, 148, 149, 332, 307, 302 of I.P.C. read with section 3/5 of PDPP Act and it was

Sharif was throwing the grenades and Jang Bahadur was giving directions to all the other terrorists. He thereafter had stated that Jang Bahadur and Mohd. Sharif were present in the court and he recognised them very well. On 22.2.2008, the terrorists Imran Shahjad and Mohd. Farooq who were earlier detained by the ATS team, Lucknow were brought to Rampur on remand. He had stated that he had recognised them at the Police Line. He had stated that he had seen the photograph of Sabauddin @ Shaba which was there in the Kotwali, Rampur and had stated that he was present in the Court. Mohd. Sharif was a resident of District Rampur and that he had committed the crime after a full reconnaissance with Jang Bahadur. Because of the reconnaissance which he had been doing, certain news items had been published in the newspapers and, therefore there was vigilance on the spot. The empty cartridges of the two firings which the PW-1 had done were there at the spot and they had been collected by Sub-Inspector Virasat Ali. The PW-1 had stated that he had taken empty cartridges from Virasat Ali and had given them to the Investigating Officer. The empty cartridges of the firing done by Jitendra and Virendra were also found from the spot. However, only ten of them could be found and they were also handed

over to the Investigating Officer, Satya Prakash Sharma. The damaged rifle of Indrapal Singh was also handed over to the Investigating Officer Satya Prakash Sharma and he had on the spot kept them in two separate cloth pieces and had sealed them. On the bundles which were prepared, the PW-1 had also signed. The signature of Satya Prakash Sharma who had prepared the memo was known to the PW-1 and he had recognised his handwriting. The Investigating Officer Satya Prakash Sharma had collected the empty cartridges of 38 bore revolver and the 10 empty cartridges. The memo of these articles was prepared. The memo of recovery of the magazine was also prepared in the presence of PW-1 and other witnesses. The paper which had the memo was numbered as 7Ka/5 and it had the signatures of PW-1 and other witnesses.

Tripathi which was dated 16.9.2008, on which date the PW-1 had got recorded his statement under Section 161 of Cr.P.C. again. The first time the Inspector PW-1 had got his statement recorded under Section 161 of Cr.P.C. was on 1.1.2008. He reiterated that the five terrorists whom he had seen in the incident could be recognised by him as well as by his accompanying constables. He had stated that they were present in the court. He had stated that he had handed over the rifle of Constable Indrapal Singh, which had got damaged, to the 1st Investigating Officer Satya Prakash Sharma. Alongwith the damaged rifle, he had also handed over the broken magazine. The other rifle of Home Guard Aftab Khan which had got damaged at the place of incident

In the cross-examination done on behalf of the accused persons, the PW-1 had stated as to how and why he had reached the place of incident around one hour before. He had stated on that date while patrolling, he had got an information of a dead-body lying in the neighbourhood at around 12:30 PM and that dead-body was sent with a constable who was on duty and thereafter he had stated that he had reached the place of incident about half an hour thereafter. A question was asked as to who was the authorised officer to give the approval then he had answered that in that regard the rules had to be seen. He had of course said that the approval had the signatures of the authorised officials and had stated that the signature could not be shown.

62. PW-37 was one Sub Inspector Hindveer Singh of Thana Nai Mandi, District – Muzaffar Nagar. He had stated that in the year 2007-08 he was posted at ATS, Western Zone. On 1.1.2008 when the incident had occurred at the CRPF Camp, he had also reached the spot with the ATS team and that the In-charge Inspector S.P. Sharma was investigating there. He had stated that during that investigation, the Investigating Officer had picked up the fingerprints with the help of the expert team. He had seen Satya Prakash Sharma reading and writing and that he was

his controlling officer till two months ago. He had stated that the four set of fingerprints which were F1, F2, F3 and F4 had the signatures of Sri S.P. Sharma. Along with him there were signatures of Sub-Inspector Sabibul Hasan. He had stated that these were the signatures which were picked up by Sri S.P. Sharma from the place of incident.

63. In his cross-examination, he had stated that the CRPF Camp was known to him and that it was near the railway track. He had stated that when he had gone to the CRPF Camp there were a lot many people present there who were not known to him. He had stated that he had reached the camp at 8:30 AM alongwith the ATS team. However, he had not got reported the time when he had left the place of incident. Also he had stated that before he had reached the CRPF Camp, he had never informed the CRPF officials. He had also stated that the fingerprint expert had come and had taken the fingerprints to the laboratory. However, no copies of the fingerprints were given to the PW-37. At the time of the taking of the fingerprints, the CRPF officials were present. He had stated that it was wrong to say that he had done all the investigation while sitting in the office.

64. PW-38 was one Constable Jitendra Singh of Thana Bhagatpur, District – Moradabad. He had stated that on 31.12.2007/1.1.2008 he was posted at the Thana - Civil Line, District - Rampur and that he, on the date of incident, alongwith Sub-Inspector Om Prakash Sharma, Constable Indrapal, Home Guard Aftab Khan on a government jeep with the driver Constable Jaswant Singh were keeping a vigil at 12:30 in the night. He did not remember the G.D. number. He had stated that he and

Constable Indrapal were having rifles and they also had 30 bullets with them. Sub-Inspector Om Prakash had a revolver and Home Guard Aftab had a rifle. While they were keeping a vigil they had reached the Kosi Bridge and when they had got the information of a dead-body then they started towards the Shahbad Gate and thereafter had reached the Kosi Bridge again. Over there at around 2:25 AM when they were returning from the Kosi Bridge and had almost reached the toll gate of the CRPF, they heard the sounds of firing at the toll gate of the CRPF. There was a police picket present which comprised Sub-Inspector Bihari Lal, Constable Vijendra Rana, Constable Nasir and two home guards, one of them was Narpat and the firing was coming from the gate no. 1. The Sub-Inspector Om Prakash talked to the Sub-Inspector Bihari Lal and they started towards the CRPF Gate No. 1. In the jeep there were five people already present. Constable Virendra Rana had gone alongwith PW-38 while others had gone into the jeep and were coming from behind. At around 2:30 AM, they had reached the CRPF Gate where there was sufficient electric light and there they saw around 4-5 persons firing towards the CRPF Gate. They were firing at the jawans of the CRPF. They were having AK-47. They were also aiming at the jawans and were throwing hand grenades. At that point of time, PW-38 states that he saw two CRPF's jawans laden with blood and they had died. One rikshaw puller had also received bullets and was lying there at the gate. Out of the 4-5 assailants, one who was in the rear of the team was named Jang Bahadur. He was asking his friends that they may throw hand grenades towards the CRPF jawans. He was also asking one Mohd.

Farooq to fire. He was asking his companions to fire at the kafir CRPF jawans. He had stated that the person nearest to the CRPF Gate was Imran behind him was Farooq and behind Farooq was Sabauddin and one who was last in the team was Sharif. They were all being guided by Jang Bahadur who was exhorting them to fire. PW-38 had stated that Imran and Farooq were Pakistanis. Jang Bahadur was from Moradabad. Sharif was from Rampur. Sabauddin was from Bihar. He had stated that from the manner in which the firing was being done and the hand grenades were being thrown, it was evident that they were all terrorists. Thereafter he had stated that they had spread out and had started firing and when they had fired enough towards the CRPF Camp the terrorists turned back to fire upon the police party with their AK-47. The rifle of Indrapal was damaged because of a bullet which came from the side of the terrorists. Similarly, the rifle of Aftab Khan got jammed. Again towards the police party, the terrorists were throwing hand grenades wherein Indrapal Singh and Home Guard Aftab Khan were injured and thereafter the terrorists while fleeing kept on firing at the police party. They went through the Kosi Bridge. The police party chased them but they ran away in the dark of the night. The Sub-Inspector Om Prakash Sharma gave the news of the firing from the wireless of the jeep. He had stated that in the entire event, eight persons had died. Of the eight persons, two had died outside the gate, they were police personnel and one rikshaw puller and inside the gate, four CRPF jawans had died. Also near the Gate No. 1, three CRPF jawans had got injured. One Havaldar Afzal Khan had died while being taken to the hospital. Thus in the event,

seven jawans and one rikshaw puller had died. He had stated that he was not injured. He had stated that he had recognised all the terrorists in the light of the electricity bulb. He had stated that he could recognise them even now. While looking at the accused persons present in the court, he had stated that the person in the white *kurta* who was having a beard and was wearing spectacles was Jang Bahadur. Person in the *kurta pajama* who was standing in the left side was Imran. Person in green T-shirt was Sabauddin and the person in black T-shirt was Farooq. He had stated that he did not remember the face of Sharif as eight years had passed.

65. In the cross-examination, which took place on the same day, he had stated that the accused were wearing the same clothes, they were wearing on the date when he had got the statement-in-chief recorded. However, he had stated that the accused Imran was in green T-shirt with white lines. The accused Farooq was in gray colour *salwar kameez*. A question was asked that in the examination-in-chief he had stated that the person wearing green T-shirt was Sabauddin whereas in fact the person in green T-shirt was Kausar. He had answered to this question that the person at that particular point of time was wearing a green T-shirt and he according to the PW-38 was Sabauddin. He had stated that at that point of time there was scarcity of light and that he was also having a spectacle with the wrong number and that eight years had gone by and therefore his memory had also started fading. A question was put that in the examination-in-chief the person in *kurta pajama* was Imran whereas Imran was wearing a pant shirt. To this he had answered, he had stated that the person who was wearing *pathani kurta pajama* was in fact

Imran. Again a question was put that the person who was wearing a *slaty coloured salwar suit* was Farooq. Then to that the PW-38 had answered that he was Imran. A question was again put that in his examination-in-chief had stated that the accused who was wearing black T-shirt was Farooq whereas the person in the court wearing black T-shirt was actually Sabauddin. To this he had answered that at that point of time the electricity light was not available and therefore he could not recognise the accused properly. He had thereafter stated that his eyes had become weak and that he was wearing a new spectacle.

66. He had thereafter stated that when he alongwith police team had left for the place of incident then they had filled up the G.D. showing that they had left the police station. He had stated that when the team had left for the place of incident, it had got information that there was a dead-body lying at the Kosi Bridge. From the thana the Kosi Bridge was 3-4 km. He states that he did not remember whether the dead-body on the left side of the bridge or on the right side of the bridge. However it was found at the very beginning of the bridge. However, upon various questions being put, he got slightly confused and stated that he did not remember exactly where the dead-body was.

67. The cross-examination of PW-38 commenced again on the 20.7.2016. He had stated that his statement was got recorded by the Investigating Officer for the first time on 20.1.2008. He had stated that it was correct to say that he had not got any description of the accused persons when he had got his statement recorded. He had stated that he had not told the Investigating Officer in his statement which he had got

recorded that the assailants had entered the camp. He had stated that he did not know where they had gone thereafter. He had stated that it was wrong to say that there was no help given by the CRPF officials to the police and it was also wrong to say that the CRPF personnel had lifted the magazine etc. from the place of incident. When this PW-38 was confronted by statement under Section 161 of Cr.P.C. that the CRPF jawans had not cooperated with the police and that on the date of incident the magazine etc. which was lying on the spot were taken away by them was correct, he states that even the fingerprints on the magazine could not be taken because they were taken away. The police was definitely not allowed inside the campus. He had stated that he himself was around 30-35 steps away from the assailants and he had taken position from behind the railway quarters. In the police team, he had stated that Constable Indrapal was ahead of him. He had also stated that after he had taken the position behind railway quarter he was not aware as to what duration the firing continued. He had stated that on the date of incident when he had proceeded towards the Kosi Bridge he was supplied with 30 rounds of bullets. The 7 rounds which he had fired was done intermittently. He did not remember whether the magazine from the CRPF personnel had been taken away from within the camp or had come from outside. He had stated that the place, from where he was taking position and was firing, was very dark. He had stated that the Investigating Officer had never called him for assisting in the investigation and creating the portrait of the accused persons.

68. Thereafter the statement of the accused persons were got recorded under Section 313 of Cr.P.C.

69. In his statement under Section 313 of Cr.P.C., Mohd. Sharif had specifically given an answer to the question no. 129 that the fingerprints were obtained from them after they were arrested for the purposes of creating evidence.

73. Sri Imran Ullah, learned counsel for the appellants/convicted persons assisted by Sri Faiz Ahmad, Sri Raj Raghuvanshi and Sri Vinit Vikram Singh, learned counsel was representing accused-appellants in Capital Case No. 7 of 2019 Capital Case No. 3 of 2020 in Criminal Appeal No. 31 of 2020 and in the Capital Reference No. 6 of 2019. Sri M.S. Khan appeared for the appellants through Video Conferencing. They have essentially made the following submissions while assailing the judgement of conviction :

(I) Identification

The identification of the appellants was not established beyond reasonable doubt. He has submitted that in order to prove the presence of the accused and the incident of attack by the

appellants, the prosecution had produced and examined the following eye witnesses :-

Police Officials:

(1) PW-1 Sub-Inspector Om Prakash (Complainant)

(2) PW-6 Constable Indrapal Singh

(3) PW-38 Constable Jitendra Singh

CRPF Personnels:

(4) PW-8 Constable Pradeep Kumar (*posted at the Naka outside the Gate No. 1CRPF Camp alongwith Head Constable Afzal Ahmad and Constable Devendra Kumar*)

(5) PW-15 Rajjan Lal (*posted at the Naka outside the Gate No. 1CRPF Camp alongwith Head Constable Afzal Ahmad and Constable Devendra Kumar*)

(6) PW-9 Constable Kendra Singh (*Posted at Naka near DIG Control Room inside the camp alongwith Constable Laxman Singh Dasila and Constable Santosh Kuthari*)

(7) PW-12 Santosh Kuthari (*Posted at Naka near DIG Control Room inside the camp alongwith Constable Laxman Singh Dasila and Constable Santosh Kuthari*)

(8) Devendra Kumar (*posted at the Naka outside the Gate No. 1CRPF Camp alongwith Head Constable Afzal Ahmad and Constable Devendra Kumar*)

At the relevant point of time when the incident had occurred the CRPF Guards were inside the guard room with Constable Ram Taras Mishra and Constable Laxman Singh Dasila. Constable Laxman Singh Dasila was not examined by the prosecution even

though his statement was recorded by the Investigating Officer PW-24 Inspector Satya Prakash Sharma.

A Railway employee PW-32 Chhote Lal who was on patrolling duty on the railway track passing in front of the Gate No. 1 CRPF Camp was also an eye-witness.

While making their submission, learned counsel for the appellants submitted as to why the identification of the appellants in the dock for the first time as assailants was untrustworthy, unreliable and did not inspire confidence. The following arguments were advanced :

It was the admitted case of the prosecution that the appellants-assailants were not known to the eye-witnesses. Before the witnesses came to the court the identity of the accused was never revealed by the witnesses, either in the F.I.R. or in the statement recorded under Section 161 of Cr.P.C. None of the appellants were arrested on the information furnished by these eye-witnesses. As a matter of fact on 10.2.2008, the appellants namely Jang Bahadur and Mohd. Sharif were arrested on the basis of some secret information by a team of Special Task Force, Lucknow which was led by PW-17 Ashok Kumar Raghav and PW-19 Ram Badan Singh. What is more the appellant Jang Bahadur was arrested from Village Milak and Mohd. Sharif was arrested from the bus stand at Rampur and not from any place which was ever revealed by any of the eye-witnesses

or the police which was investigating. It has been submitted by the learned counsel for the appellants that Sabauddin, Imran Shahjad and Mohd. Farooq were apprehended from Charbagh Railway Station, Lucknow. Again, not by the police which was present at Rampur on the date of incident but by a team of Special Task Force led by one PW-14 Inspector Navendu Kumar. Learned counsel for the appellants has submitted that Gulab Khan and Mohd. Kausar were also arrested but regarding them not much was argued as they were subsequently acquitted after the sessions trial. After the arrests had taken place, investigation was taken over by PW-25 Sri O.P. Tripathi on 17.2.2008 and on the basis of the statements of the eye-witnesses a charge-sheet (Ka-93) was filed on 8.5.2008 by PW-25 against seven accused persons under Sections 147, 148, 149, 302, 307, 332, 120-B of I.P.C. read with section 3/4 of Prevention of Damage to Public Property Act, 1984, Section 7/27 of Arms Act and Section 3/4/5 of the Explosive Substances Act, 1908, in the Court of Chief Judicial Magistrate and on coming to the Court of Sessions, the same was registered as Session Trial No. 208/2008 (*main leading case*). What the witnesses mentioned with regard to the number of accused and their descriptions, in the F.I.R. and the statements recorded under Section 161 of Cr.P.C. has been vividly

provided by the learned counsel for the appellants and the same is being reproduced here as under :

--	--

The most glaring thing which emerges from the reading of the F.I.R. and the versions of the eye-witnesses as contained in their statements recorded under Section 161

Cr.P.C. is that not only was the description of the assailants missing, even the exact number of the assailants were not known to them. The deposition of PW-24 Inspector Satya Prakash Sharma the Investigating Officer from 1.1.2008 to 14.2.2008 revealed that none of the witnesses had informed the police during the initial investigation with regard to the recognition of their faces and with regard to the fact as to whether the assailants were dark or fair. No special sign of recognition was revealed by any of the witnesses to the investigating officer. In fact, the Inspector Satya Prakash Sharma had stated in his examination-in-chief that Laxman Singh Dasila a CRPF Jawan who was on duty in the control room had stated that he had never seen anybody going inside the camp. He had categorically stated that for the identification of the accused he had never moved any application in the court. He had also stated that in the case diary he had never mentioned his intention to keep the accused persons unidentified (बापदर्दी). He had also stated that in the police custody also there was no application for keeping the accused unidentified (बापदर्दी). Also the Investigating Officer from 17.2.2008, Sri O.P. Tripathi had stated that before the incident the injured and the eye-witnesses never knew about the accused persons and they did not recognise them. He had stated that for the purposes of identification, no application for identification parade

was moved by him before the court. The relevant portions of the deposition of PW-24 and PW-25 are being reproduced here as under :

मेरे द्वारा विवेचना के दौरान मुलजिमान की शनाख्त परेड कराने हेतु न्यायालय में कोई अर्जी दाखिल नहीं की गयी थी।

To further bring home the point that the eye-witnesses themselves were not speaking the truth, learned counsel for the appellants had compared their statements made in the examination-in-chief with the statements made in the cross-examination. The discrepancy in the deposition definitely came to the fore. To point out the discrepancy in the deposition learned counsel for the appellants produced a definite table which is being reproduced here as under :

From the above reproduction of the depositions at the time of the examination-in-chief and the depositions which were made by the witnesses at the time of the cross-examination it definitely gets revealed that the witnesses had not known the appellants from before but they were subsequently named and also identified. Learned counsel for the appellants relied upon a judgment of Supreme Court in **Amrik Singh vs. State of Punjab** reported in (2022) 9 SCC 402 and submitted that though an F.I.R. is not an encyclopedia of all the facts but when no test identification parade was conducted of unknown accused persons then the first version of the complainant reflected in the F.I.R. would play an important role. It was a question which is required to be considered in every case where the F.I.R. or the first version of the eye-witnesses do not disclose the identity of the accused. How on earth they could recognise the accused in the court room was something which was baffling. Test identification parade, was an urgent necessity in the course of trial when the eye-witness had at the time of cross-examination admitted that the accused were not known to the eye-witnesses earlier in point of time. He has submitted that it was a matter which had to be left to the wisdom of the court to consider as to what weight an evidence would have of an identification of an accused in the court for the

first time when identification in the court was not preceded by a test identification parade. He submitted therefore that the evidence of identification of an accused for the first time during trial was inherently an evidence of a very weak character. He submitted that the purpose of test identification parade was to test the strength and trustworthiness of a witness. Since, learned counsel for the appellants heavily relied upon paragraph 14, 18, 19 and 20 of the judgement reported in **(2022) 9 SCC 402**, they are being reproduced here as under :

*“**Para 14-** It may be true that as per the settled position of law, the FIR cannot be Encyclopedia. However, at the same time when no TIP was conducted the first version of the complainant reflected in the FIR would play an important role. It is required to be considered whether in the FIR and/or in the first version the eyewitness, either disclosed the identity, and/or description of the accused on the basis of which he can recollect at the time of deposition and identify the accused for the first time in the courtroom.*

***Para 18 -** there are some contradictions in the first statement of the complainant recorded in the form of FIR and in the deposition before the court. In the deposition before the court he has tried to improve the case by deposing that he had seen the accused in the city on one or two occasions. The aforesaid was not disclosed in the FIR. Even in the cross examination, as PW-1, he did not disclose any description of the accused. At this stage, it is to be noted that PW-1 has specifically and categorically admitted in the cross-examination that it is incorrect that the accused were known to him earlier. He disclosed only the age of the accused. In view of the matter conducting of TIP was necessitated and, therefore in the facts and circumstances of the case, it is not safe to convict the*

accused solely on their identification by PW-1 for the first time in court.

Para 19- What weight must be attached to the evidence of the identification in court, which is not preceded by a test identification parade, is matter for the courts of facts to examine.

Para 20 - The evidence of mere identification of the accused person at the trial, for the first time is from its very nature inherently of a weak character. The purpose of TIP is to test and strengthen the trustworthiness of that evidence. It is accordingly, considered a safe rule of prudent to generally look for the corroboration of the sworn testimony of the witnesses in court, as to identity of the accused who are strangers to them in the form of earlier identification proceedings. The said rule of prudence, however, is subject to exceptions when, for example, the court is impressed by a particular witness on whose testimony it can safely rely without such order or other corroboration.”

Learned counsel for the appellants relying upon a judgment reported in **(1991) 3 SCC 434 Bollacaram Pedda Narsi Reddi & Ors. vs. State of Andhra Pradesh**, submitted that when the appellants were such persons who had absolutely no acquaintance with the eye-witnesses from before and if the occurrence occurred in the dark of the night then identification of an accused person becomes all the more important. The necessity to have the suspects identified by the witnesses soon after their arrests is a very necessary fact of an investigation. Learned counsel for the appellants submitted that when the face of the accused

persons had already been shown before the test identification parade then that piece of evidence was not admissible. Learned counsel for the appellants submits that in the instant case after the arrests were made at Moradabad and at Lucknow, no effort was made to keep the appellants unidentified (बापदर्दी) and also thereafter no effort was made to get a proper test identification parade conducted. In the instant case in fact supplementary statements of the witnesses were recorded even after the filing of the charge-sheet with respect to the identification of the accused wherein very surprisingly even names of the accused persons were known to the witnesses. Since learned counsel for the appellants relied upon paragraphs 8, 9 and 10 of the judgement reported in **(1991) 3 SCC 434** and the same are being reproduced here as under :

*“Para 8 & 9 - The evidence given by the witnesses before the court is the substantive evidence. In a case where the witness is a stranger to the accused and he identifies the accused person before the court for the first time, the court will **not ordinarily accept** that identification as conclusive. It is to lend assurance to the testimony of the witnesses that evidence in the form of an earlier identification is tendered. If the accused persons are got identified by the witness soon after their arrest and such identification does not suffer from any infirmity that circumstance lends corroboration to the evidence given by the witness before the court. But in a case where the evidence before the court is itself shaky, the identification before the magistrate would be of no assistance to the prosecution. In the present case, the appellants are admittedly persons with whom the two witnesses had no previous acquaintance. The*

occurrence happened on a dark night. When the crime was committed during the hours of darkness and the assailants are utter strangers to the witnesses, the identification of the accused persons assumes great importance. The prevailing light is a matter of crucial significance. The necessity to have the suspects identified by the witnesses soon after their arrest also arises.

Para 10 - Therefore, in the absence of cogent evidence that PWs 1 and 2 by reason of the visibility of the light at the place of occurrence and proximity to the assailants had a clear vision of the action of each one of the accused persons in order that their features could get impressed in their mind to enable them to recollect the same and identify the assailants even after a long lapse of time, it would be hazardous to draw the inference that the appellants are the real assailants. There is no whisper in Ex. P-1 that there was some source of light at the scene. The omission cannot be ignored as insignificant. When the Investigating Officer has visited the scene, he made reference to the street lights, petrol bunk light etc. Whether the street lights and the petrol bunk/ light had been burning at the time of the occurrence and the spot where the incidence happened was so located as to receive the light emanating from these sources are required to be made out by the prosecution. When this significant fact is left out in the earliest record, the improvement in the course of the investigation and trial could be of no avail.”

Similarly, learned counsel for the appellants relying upon a judgement reported in **(2023) 1 SCC 180 Gireesan Nair and Ors vs. State of Kerala**, submitted that when witnesses have an ample opportunity to see the accused before a test identification parade is held then that may adversely affect the trial. It is the duty of the prosecution to establish before the court, right from the day of the arrest till

there is any possibility of the accused being seen even in police custody, to keep the accused unidentified (बापर्दा). If ever the witnesses have an opportunity to see the accused before the test identification parade either physically or through the photographs or through the media even the test identification parade becomes faulty and inadmissible in evidence. He submits that the test identification parade of an accused had to take place before the accused is seen or even identified in a court during the trial. Since the learned counsel for the appellants relied upon paragraphs 31 and 32 of the judgment reported in **(2023) 1 SCC 180**, the same are being reproduced here as under :

“Para 31 & 32- In cases where witnesses had ample opportunity to see the accused before the identification parade is held, may adversely affect the trial. It is duty of the prosecution to establish before the court the right from the day of the arrest, the accused was kept in 'beparda' to rule out the possibility of their face being seen in police custody. Further, if witnesses had the opportunity to see the accused before TIP, be it any form i.e. physically, through photographs or via media (newspaper, television etc), the evidence of the TIP is not admissible as a valid piece of evidence. If identification in the TIP has taken place after accused is shown to the witnesses, then not only is the evidence of TIP inadmissible, even an identification in a court during the trial is meaningless.”

(II) The identification of the appellants for the first time in the court further becomes untrustworthy on account of the fact that there was absolutely no injury to the assailants (appellants) even after the firing of

98 rounds by the CRPF/Police. Learned counsel for the appellants referring to the statement of the PW-23 at page no. 394 of the paper book specifically states that during his cross-examination, the PW-23 had stated that CRPF had in its possession AK-47 rifles. The exact statement of the PW-23 at page no. 394 is being reproduced here as under:

“(Page 394) "सीआरपीएफ के पास एस० एल० आर० एवं एके-47 इत्यादि हथियार थे इसके अलावा अन्य इस्तेमाली हथियार भी थे एके -47 व एस० एल० आर० जो ड्यूटी पर होते हैं उन्हें ईशु की जाती है".”

Learned counsel for the appellants therefore states that the bullets which were found on the place of incident would also have the bullets of AK-47 which were used by the CRPF personnel. Learned counsel for the appellants states that when as per the case of the prosecution the assailants were well inside the CRPF Camp, amidst the firing done by the jawans and also the police personnel then at least one of the five accused persons ought to have been hit by the bullets of the CRPF jawans and by the bullets of the police who were well trained in handling weapons. As per PW-1, 27 bullets were fired by the police, (Exhibit Ka-84 at page 6 of the paper book) and 68 bullets were fired from SLR and 3 rounds fired from AK-47, making the total tally of number of bullets fired was 98. Of these 98 bullets none of them hit the assailants.

(III) Learned counsel submitted that as per Exhibit Ka-84 at page no. 10 of the paper book, the CRPF Commandant PW-23 informed of only two incidents of throwing hand grenades. This fact was further corroborated by the seizure memo Exhibit Ka-67 at page no. 35 and Exhibit Ka-68 at page no. 37 whereby ashes from two craters were taken

into possession. However, it has been submitted by the learned counsel for the appellants that the witnesses had deposed that the four assailants out of the five were involved in continuously throwing hand grenades on being instigated by the fifth assailant and if even one grenade was thrown by each of the four assailants then at least four craters ought to have been found at the place of incident. Even if the earliest version of the F.I.R. and the statement recorded under Section 161 of Cr.P.C. were seen, then it becomes evident that 4-5 persons were initially seen firing inside and outside the CRPF Camp but during deposition by these witnesses the number of persons holding guns was reduced to two and thus at least three persons were required to be throwing hand grenades.

(IV) The prosecution also miserably failed to prove the case, where it was based on circumstantial evidence. Learned counsel for the appellants thereafter submitted that the fingerprints which were lifted and preserved during the investigation were not proved beyond reasonable doubt and the opinion of PW-33 Naval Kishor Srivastava was not at all reliable. Learned counsel for the appellants submitted that as per the case of the prosecution, chance fingerprints were lifted on 1.1.2008 by PW-24 from the scene of the crime i.e. from somewhere inside the camp, meaning thereby that the fingerprints were lifted from the inside of the CRPF Camp and those fingerprints were sent to the Forensic Science Laboratory (FSL) for comparison with the fingerprints only of three accused persons namely Sabauddin, Imran Shahjad and Mohd. Farooq and their fingerprints were taken on 12.3.2008 while they were in jail. The FSL Expert PW-33 had deposed about the similarity of

the fingerprints of Imran Shahjad and of Mohd. Farooq with the fingerprints lifted from the site in question. However, learned counsel for the appellants states that the said report cannot be relied upon as no evidence whatsoever was led by the prosecution to establish that where the said chance fingerprints were kept in between 1.1.2008 and 3.4.2008. Learned counsel for the appellants states that it could not be ruled out that there was tampering of the chance fingerprints and he further submits that this serious omission thus on the part of the prosecution was fatal as it led to only one conclusion and that was that the fingerprints had been created by the police. Where the chance fingerprints 34 ख/17 were kept also was a big mystery. The PW-37 had stated that the fingerprints were lifted from the crime scene vide paper 34 ख/17 which had the signatures of PW-24 (Satya Prakash Sharma) and of PW-5 (Sub Inspector Shawabul Hasan). However, Shawabul Hasan in his testimony had not stated even a single word about lifting any fingerprint on 1.1.2008. The statement of PW-21 Head Constable Mahesh Chandra was not recorded on 1.1.2008, but was recorded sometime in the month of April, 2008 and there is absolutely no evidence on record to state that the fingerprints so traced from the office of the CRPF Camp were kept anywhere in any safe custody whatsoever. The statement of PW-21 Mahesh Chandra which finds place at page 386 was read over by the learned counsel and therefore the same is being reproduced here as under:

“PW-21 H.C. Mahesh Chand:

Chief page 386 dated: 24.7.14: तथा उक्त सर्वमोहर हालत में कार्यालय में सुरक्षित विवेचक के आदेश अनुपालन में सुरक्षितरख लिए गए।
(Note: No document has been produced or proved to show the Seal impressions as well as the safe custody).”

Also the statement of PW-24 Satya Prakash Sharma which finds place at page 424 was read by the learned counsel and the same is being reproduced here as under :

“PW-24 Satya Prakash Sharma:

(Note: No Malkhana Register and No GD entry has been produced by the prosecution to show deposit of chance finger print in safe custody in Malkhana or any other safe place).

Still further the statement of PW-25 O.P. Tripathi which finds place at page 448 also as per the learned counsel was important and therefore the same is being reproduced here as under :

“PW-25 O P Tripathi:

The statement of PW-35 Rajesh Kumar Srivastava is also very
revealing and was read out by the learned counsel also is being
reproduced here as under :

“PW-35 Rajesh Kumar Srivastava:

Page 498 dated 12.01.2016: मुझे याद नहीं कि विवेचना के अंतर्गत
घटना से उठाए गए फिंगरप्रिंट किस तिथि को दाखिल किए गए ।”

Similarly the statement of the PW-37 S.I. Hindvir Singh and the statement of the PW-5 Sawabul Hasan are being reproduced here as under :

“PW-37 SI Hindvir Singh:-

Page 505 - फिंगरप्रिंट एक्सपर्ट आए थे और वह फिंगरप्रिंट के साथ प्रयोगशाला ले गए थे. उन्होंने फिंगरप्रिंट की कोई नकल हमें नहीं दी थी.”

“PW-5 Shahbul Hassan:

This witness is silent about lifting of chance finger print on 01.01.2008.”

Learned counsel specifically mentioned about the statement of PW-5 as it was said earlier by PW-21 that document 34 ख/17 had the signatures of both PW-5 and PW-21.

(V) Further learned counsel for the appellants has submitted that there was no safe custody ensured of the hand grenades, AK-47 rifles and of the material including empty cartridges and therefore when the safe custody was not proved of the hand grenades, AK-47 rifles and the empty cartridges then it could not be said that the prosecution had proved its case beyond reasonable doubt.

With regard to safe custody of hand grenades, AK-47 rifles vide Exhibit Ka-66 at page no. 34 of the paper book, it was alleged by the prosecution that on 1.1.2008, 32 empty shells of AK-47 were recovered when they were picked up from the place of incident on 1.1.2008. On 2.1.2008 vide the Exhibit Ka-35, 11 empty shells of AK-47 were

recovered and seized. Further, the prosecution had come up with a case that on 10.2.2008 vide Exhibit Ka-64, 3 hand grenades were recovered from Mohd. Sharif (*learned counsel for the appellants stressed on the point that this was recovered in the absence of any public witness*). Further it is the case of the prosecution that on 10.2.2008 recovery was made from Sabauddin as follows:

- (i) AK-47 with magazine containing 9 bullets
- (ii) 1 train ticket
- (iii) 1 room key of Bangalore house

Recovery was made from Imran Shahjad as follows:

- (i) AK-47 with magazine containing 9 bullets
- (ii) Pakistan's passport
- (iii) Railway ticket

Recovery was made from Mohd. Farooq as follows:

- (i) 1 hand grenades from his hand and one from his pocket
- (ii) 1 Pakistan's passport
- (iii) 1 Railway ticket

(Learned counsel for the appellants stressed on the issue that there was no public witness)

Further it was alleged that on 14.2.2008 the accused Mohd. Sharif and Jang Bahadur got recovered a bag containing two AK-47 magazines. Still further on 17.3.2008 the hand grenades received from Mohd. Sharif were got defused by PW-26 Kuldeep Singh Rawat vide the report Ka-100 (*this report is not available in the paper book*). Learned counsel for

the appellants submitted that when a particular case was dependent on circumstantial evidence, the chain of evidence should be so completed as to not leave any reasonable ground for the conclusion consistent with the innocence of the accused and that the circumstances must show that in all human probability the act must have been committed by the accused. In the instant case it has been submitted by the learned counsel for the appellants that there was a grave missing link which had not been provided by the prosecution with regard to the safe custody of the articles between the period of their alleged seizure and the handing over to the Forensic Science Laboratory (FSL). He submits that there was no malkhana entry or G.D. entry placed on record. No witness was examined who carried the various articles to the FSL and there was also no evidence with the effect as to when the articles were returned by the FSL and through whom. He submits that it was not clear as to through whom were the articles produced before the Court. PW-24 Sub Inspector Satya Prakash who is the seizing officer had not uttered a single word in his examination-in-chief about the deposit of the seized articles. The seizure memos mentioned about the following seizures given from serial no. 1 to 7.

“I. Samples picked on 01.01.2008 and reached FSL on 5.4.2008.

II. Cartridges etc from spot seized on 01/02 January 2008 and reached FSL on -5.04.2008.

III. Clothes of deceased and other items seized on 01.01.2008 and they reached FSL on 21.04.2008;

IV. Finger print lifted on 01.01.2008 - Sample / Specimen of the arrested accused taken on 12.03.2008 and they reached FSL on 03.04.2008. [reference is there of only 1 GD entry no. 26 dated 03.04.2008 when the finger print were sent to FSL and this GD Entry also not produced/proved]

V. Three Hand Grenades recovered on 10.02.2008 which were diffused on 17.03.2008 had reached FSL on 05.04.2008;

VI. 2 AK-47 with 18 bullets recovered on 10 February 2008 and reached FSL on 05.04.2008;

VII. Two AK-47 magazine seized on 14.02.20008 at the instance of Jang Bahadur and Mohd. Sharief reached FSL on 05.04.2008.”

Learned counsel for the appellants relied upon the following judgments to emphasise that if keeping of the seized articles was not done then their FSL reports were useless.

“Judgement on the aspect of missing links:-

1. *Satender Singh and Ors vs. State of U.P.* - MANU/UP/1245/2020-Para 11 and 13;
2. *Sachidanand and Anr vs State of H.P.* - MANU/HP/0472/2013 – Para 2-6;
3. *State of Rajasthan vs Gurmail Singh* – MANU/SC/0151/2005 – Para 3;
4. *Nand Kishore vs State of Haryana* – 1998 SCC (CRL) 568 – Para 3;
5. *State of Rajasthan vs Daulat Ram* – Crl Appeal No. 112 of 1974;”

(VI) Still further learned counsel for the appellants states that when the alleged recovery from the accused were in no manner getting connected with the commission of crime then the accused were to be acquitted. Firstly, he submits that the recovery of the seized material was sent very belatedly to the FSL and secondly, after the seizure of the articles so seized on 1.1.2008 and 2.1.2008 there was no whisper throughout on record to show how they were kept in safe custody. PW-14 Navendu Kumar’s testimony with regard to the Exhibit Ka-181 i.e. FSL report

gets falsified, when by the testimony of the PW-34 with regard the matching of the recovered cartridges from the spot an effort was made to match the recoveries of empty cartridges with the rifles recovered. Learned counsel for the appellants states that the statement of Navendu Kumar PW-14 did not match with the statement of PW-34 with regard to the matching of the empty cartridges recovered from the spot with the weapons i.e. the two AK-47 rifles which were recovered from the accused. PW-14 during the course of the examination-in-chief on 2.12.2014 at page no. 376 identified both rifles as ka-186 and ka-189. The 18 cartridges, 9 recovered from each accused were exhibited as ka-188 to Ka-196 and as Ka-200 to Ka-208. The same cartridges and weapons were examined by the PW-34 and as per his deposition as well as his report dated 16.5.2008, Ka-181 at page 78 there was a mention with regard to 6 cartridges which were tested and marked as TC-1 to TC-6 and on the basis of the examination of these test fired bullets, the PW-34 had opined the matching of the weapons with the commission of crime by the accused. However, very shockingly when out of the 18 bullets, only 6 matched, it could not be said that the empty cartridges matched the rifles. What is more, at no point of time the cartridges tested as TC-1 to TC-6 were ever produced for the Inspection of the court.

Learned counsel submitted that if a few of the empty cartridges matched the test bullets, then it could not be said that the rifles got automatically connected with the incident as there was no evidence of the fact as to where the empty cartridges were kept. No reliance, thus, could be placed on the test done by the FSL.

(VII) Learned counsel submitted that the connectivity of the accused with each other as well as any terror outfit was not proved. Learned counsel for the appellants has submitted that not only was there no evidence in the form of records/ emails/ social media/ letters etc. which were investigated into to prove the connectivity between the accused persons, the PW-27 to 31 in fact had turned hostile and this cast a great doubt as to whether the accused were connected to each other. Nowhere in the entire prosecution case is there any material to prove that there was a meeting of minds. He submits that in **(1999) 5 SCC 253; State of Tamil Nadu through Superintendent of Police, CBI/SIT vs. Nalini & Ors.** meeting of mind of two or more persons for doing any illegal act is a *sine qua non* for establishing a criminal conspiracy. There is absolutely no evidence to prove that there was any agreement between the five accused persons. As per **(2005) 11 SCC 600; State (NCT of Delhi) vs. Navjot Sandhu @ Afsan Guru**, learned counsel for the appellants states that in the absence of any material to prove meeting of minds and agreement the accused deserved an acquittal. Since learned counsel relied heavily on para 89 and 90 of the judgment cited above they are being reproduced here as under:

“89. In the Statement of Objects and Reasons to the Amendment Bill, it was explicitly stated that the new provisions (120-A and 120-B) were “designed to assimilate the provisions of the Penal Code to those of the English Law....”. Thus, Sections 120-A and 120-B made conspiracy a substantive offence and rendered the mere agreement to commit an offence punishable. Even if an overt act does not take place pursuant to the illegal agreement, the offence of conspiracy would still be attracted. The passages from

Russell on Crimes, the House of Lords decision in *Quinn v. Leatham* [1901 AC 495 : (1900-03) All ER Rep 1 (HL)] and the address of Willes, J. to the Jury in *Mulcahy v. R.* [(1868) 3 HL 306] are often quoted in the decisions of this Court. The passage in *Russell on Crimes* referred to by Jagannatha Shetty, J. in *Kehar Singh* case [(1988) 3 SCC 609 : 1988 SCC (Cri) 711] (SCC at p. 731, para 271) is quite apposite:

“The gist of the offence of conspiracy then lies, not in doing the act, or effecting the purpose for which the conspiracy is formed, nor in attempting to do them, nor in inciting others to do them, but in the forming of the scheme or agreement between the parties. Agreement is essential. Mere knowledge, or even discussion, of the plan is not, per se, enough.”

This passage brings out the legal position succinctly.

90. In *Nalini* case [(1999) 5 SCC 253 : 1999 SCC (Cri) 691] S.S.M. Quadri, J., pointed out that the meeting of the minds of two or more persons for doing an illegal act or an act by illegal means is a sine qua non of the criminal conspiracy. Judge Learned Hand, in *Van Riper v. United States* [13 F 2d 961 (2nd Cir, 1926)] said of conspiracy:

“When men enter into an agreement for an unlawful end, they become ad hoc agents for one another and have made a partnership in crime.”

Learned counsel submitted that the testimony of PW-35 Rajesh Kumar Srivastava in this regard becomes important and the relevant portion of his testimony is being reproduced here as under :

“PW – 35 Rajesh Kumar Srivastava:

Similarly, the testimony of PW-14 Navendu Kumar becomes important and is being reproduced here as under:

“PW-14 Insp. Navender Kumar:

(VIII) Invalid sanctions

Learned counsel for the appellants further submitted that the for prosecution and trial for offences under Chapter VI of the IPC; under the Unlawful Activities (Prevention) Act; under the Explosive Substances Act and under the Arms Act, sanction had to be taken under the respective laws. When the sanction is to be granted, it had to be seen from the sanction order that all facts etc. were brought to the notice of the sanctioning authority and if and when, on the face of the sanction, from the evidence it is not clear as to what were the facts before the sanctioning authority, then it becomes incumbent upon the prosecution to prove by other evidence that the material facts constituting the offences were placed before the sanctioning authority. Learned counsel for the appellants states that the sanction under section 6 of the Explosive Substances Act was granted on 1.11.2008 by the then District Magistrate, Rampur on behalf of the Government of India in view of the notification dated 20.4.1977. Since, the notification relied upon becomes important, the relevant portion of the 'notification dated 20.4.1977 published in the Gazette of India on 14.5.1977' is being reproduced here as under :-

*“MINISTRY OF HOME AFFAIRS New Delhi, the 20th April, 1977
S.O. 1359.-In exercise of the powers conferred by clause (1) of article 258 of the Constitution and in supersession of all previous notifications issued in this behalf, the President, with the consent of the Governments of the States of Gujarat, Haryana, Himachal Pradesh, Karnataka, Kerala, Manipur, Meghalaya, Orissa, Punjab, Rajasthan, Sikkim, Tripura and Uttar Pradesh, hereby entrusts to all District Magistrates in the said States, the functions of the Central Government under section 7 of the Explosive*

Substances Act, 1908 (6 of 1908). [No. 23/9/76-GPA.V] H. B. ROY, Under Secy.”

The sanction so granted on behalf of the Central Government became a nullity as after the amendment of 2002 by the Parliament, the sanctioning authority became the District Magistrate himself and, therefore, in the instant case, when the sanction itself was not granted by the District Magistrate but was granted as an agent of the Government of India, then the sanction was a waste paper. What is more, even the non-examination of the District Magistrate, whose signatures were there on the sanctioning order, was fatal for the prosecution.

Similarly, there was absolutely no sanction for the offences under the UAPA and, therefore, the trial under the UAPA was vitiated. Also, there was no sanction granted under section 39 of the Arms Act which rendered the trial under the Arms Act nugatory.

So far as the sanction of the prosecution under Chapter VI of the IPC i.e. with regard to the prosecution under sections 121, 121-A and 122 IPC was concerned, the sanction under section 196 Cr.P.C. was required. Learned counsel for the appellants stated that in the face of the non-production of the original sanction during the cross-examination by the PW-36 i.e. Kamlesh Kumar shows that the sanction was made in the most mechanical manner without any application of mind.

IX. Learned counsel for the appellants further submitted that the assessment of evidence as was made by the Court below in regard to the following issue was also done erroneously and in the most slipshod manner :

(i) The accused were known by various other names i.e. Mohd. Sharif by Suhail @ Sazid @ Anwar @ Ali; Imran Shahjad by Abu Osama @ Ajay @ Asad @ Rameez Raja Owais and ; Mohd. Farooq by Abu Zulkar Nain @ Abujar @ Amar Singh and Sabauddin by Sabauddin @ Sabah @ Sanjeev @ Farhan @ Saba @ Abu-al-Kasim @ Babar @ Mubassir @ Samir @ Iftekhar.

Learned counsel for the appellants states that it is very normal for the accused who want to keep their identity hidden, to see to it that only nick names are called out during a particular illegal attack etc. but, learned counsel for the appellants states that all the names which were allegedly taken by the accused persons and which were taken in the hearing of the eye-witnesses were original names,

(ii) Learned counsel for the appellants states that when the finger prints were taken of the accused who were arrested at Lucknow i.e. Sabauddin, Imran Shahjad and Mohd. Farooq, then why the prosecution did not take the finger prints of the other accused persons namely Mohd. Fahim, Mohd. Sharif, Jang Bahadur Khan, Mohd. Kausar and Gulab Khan. Learned counsel for the appellants states that this goes to show that the investigating agencies in a hurry to get the fabricated finger prints matched with the three accused, who were lodged in the Lucknow jail, committed the mistake.

(iii) Learned counsel for the appellants submitted that throughout all the Special Task Force's jobs were being done on the direction of one Amitabh Yash but Amitabh Yash was never produced by the prosecution in the witness-box. This becomes all the more important because whenever the STF left for its job, it never entered its time of leaving the police station and the time for arrival in the police station in the Case Diary or General Diary. Here learned counsel for the appellants further submitted that Kallu Khan had taken the seized material from the police station

to the Malkhana but he was never brought in the witness box to explain as to from where he picked up the seized materials.

(iv) Learned counsel for the appellants further states that throughout the prosecution had forgotten about the telephone with a SIM card No.9927846448 which was seized from the place of incident and this telephone was never investigated into.

(v) Similarly, the person whom the three accused, who were arrested in Lucknow, had come to meet in Lucknow was never traced and he was never apprehended also.

(vi) Learned counsel for the appellants further states that from the possession of the accused persons, who were arrested on 9.2.2008 and 10.2.2008, railway tickets were found. They were not bought from Moradabad/Rampur/Lucknow but they were purchased from Ghaziabad/Nizamuddin. Learned counsel for the appellants states that the tickets must have been bought after filling up the reservation requisition forms and from those forms, to minimize the doubt with regard to the fact that those tickets were planted, the prosecution ought to have gone to the root of the matter and should have got the reservation requisition forms looked into to see as to in whose hand-writing the reservation forms were filled. Learned counsel for the appellants states that in the absence of this activity of the prosecution, a doubt was created as to whether the reservation tickets were purchased by the prosecution itself and were planted on the accused persons.

74. Learned counsel for the appellants, therefore, submitted that the accused persons were falsely implicated and convicted on the basis of wrong appreciation of evidence.

75. Learned Additional Advocate General Sri Prakash Chandra Srivastava in the first hearing and thereafter Sri J.K. Upadhyaya, learned AGA assisted by Sri Gaurav Pratap Singh made arguments on behalf of

the State and submitted that it mattered little when no Test Identification Parade was done, because in the statement-in-chief, the prosecution witnesses had definitely mentioned the names of the accused persons. Still further, the State argued that when the recovered cartridges etc. were matched with the rifles which were recovered on 10.2.2008 then there was no doubt left with regard to the fact that the rifles were used in the incident and the bullets had come out of those rifles only. Still further, the State had throughout submitted that it mattered little if the finger prints which were lifted from the CRPF camp were not kept in any safe custody. What had to be seen was whether the lifted finger prints matched with the finger prints of the accused persons. Learned counsel for the State further submitted that if the sanctions were not there then also it mattered little. With regard to the assessment of evidence, learned counsel for the State submitted that the assessment of evidence was such a thing which would vary from one person to another and no fault could be found with the assessment as was done by the Sessions Court.

76. Learned AGA further submitted that when the firearms and the grenades were recovered from the three accused persons namely Imran Shahjad, Farooq and Sabauddin and when on the pointing of Mohd. Sharif, firearms i.e. two magazines of AK-47 rifles, two empty cartridges and three hand grenades from Mohd. Sharif, were recovered then it could not be said that the accused Imran Shahjad, Mohd. Farooq, Sabauddin Mohd. Sharif were innocent persons.

77. Having heard Sri M.S. Khan who appeared through video-conferencing and Sri Imran Ullah assisted by Sri Raj Raghuvanshi and Faiz Ahmad for the appellants and Sri Prakash Chandra Srivastava, Additional Advocate General (in the first hearing) and Sri J.K.Upadhyay assisted by Sri Gaurav Pratap Singh for the State, we find that the incident took place on 1.1.2008 at 2.25 AM near the Gate of the CRPF Commandant Office, Rampur, Uttar Pradesh. The FIR being Exhibit-3 was lodged at around 5.50 AM at Civil Lines Police Station, Rampur under sections 147, 148, 149, 307, 332, 302 of Indian Penal Code; section 3/5 of Prevention of Damage to Public Property Act and section 3 of Explosive Substances Act. Om Prakash Sharma who happened to be the Sub-Inspector and who, as per the FIR was at the place of incident for the purposes of security and patrolling, was carrying a revolver and 12 cartridges. He was accompanied by Constables Indra Pal Singh and Jitendra Singh and a Home Guard Aftab Khan who was having a rifle no.2677 and 30 cartridges. They had gone to the place of incident in a Government Jeep No.UP 22 G 0019 with a driver Constable Jaswant Singh. They had noted in the Rawanagi Register that they had left the police station at around 12.55 AM. While they had reached the kosi river bridge and were proceeding towards the CRPF toll gate, they heard the sounds of firing and they also realized that the police personnel who were on picket duty comprising Sub-Inspector Bihari Lal, Constable Nasir, Constable Virendra Rana, Home Guard Ganpat, Home Guard Ram Gopal were also firing on the assailants. When the first informant along with his team reached the place of incident then at around 2.30

AM in the electricity light which was there, the first informant saw that 4-5 persons with modern automatic weapons were firing towards the jawans of the group centre. Upon reaching the place of incident, the first informant Om Prakash Sharma fired from his own gun twice. Constable Indra Pal Singh, Constable Jaswant Singh, Constable Jitendra Singh, Constable Virendra Rana and Home Guard Aftab Khan also fired 8, 7 and 5 rounds respectively from their rifles of 7.62 caliber. In the firing which was done by the assailants, Indra Pal Singh and Home Guard Aftab Khan were seriously injured. The rifle of Indra Pal Singh was damaged. The assailants while firing had also entered the CRPF Group Centre and they were also aiming at certain targets and throwing grenades. While all this was happening, the first informant from the wireless set of his jeep informed the police station and all other higher officials. During the incident, the CRPF jawans also fired towards the assailants (terrorists). Simultaneously, the police personnel also followed the terrorists unsuccessfully. When the firing stopped, the CRPF informed the police personnel that at the Gate two jawans namely Devendra and Vishwas Kumar (Vikas) along with one unknown person had died in the terrorist attack. The jawans Kendra Singh and Pradeep Kumar were injured and inside the campus the terrorists had killed hawaldar Rishikesh Rai, hawaldar Afzal Ahmad, hawaldar Ramjeet Saran Mishra (Ramjee Saran Mishra), sipahi Anand Kumar and Sipahi Manveer Singh. Constable Niranjan was grievously injured. It was also informed by the CRPF personnel that the injured were taken to the hospital in the CRPF campus. Further it was noted in the FIR that the

vehicle owners who were passing by via the nearby National Highway had left their vehicles on the highway and had run away. He had stated that he had seen the terrorists clearly in the electric light and if they came before him, he would recognize them. In the dark of the night, the empty cartridges as were fired by the police could not be recovered and as and when they would be recovered, they would be deposited at the relevant place.

78. Similarly, the CRPF had reported the matter to the In-charge at the Civil Lines Police Station, Rampur in which report it had been stated that on 1.1.2008 at around 2.25 AM, the terrorists had attacked the Group Centre Campus at Gate No.1 in which 7 CRPF personnel had died and three were injured and the names of the deceased were given as Sipahi Anand Kumar, Hawaldar Rishikesh Rai, Hawaldar Afzal Ahmad, Hawaldar Ramjee Saran Mishra, Sipahi Manveer Singh, Sipahi Devendra Kumar and Sipahi Vikas Kumar. The names of injured persons were reported as Sipahi Kendra Singh; Sipahi Pradeep Kumar and Sipahi Ranjan Lal. In the information sent by the CRPF itself it was stated that around 68 rounds of SLR and 3 rounds of AK47 were fired by CRPF jawans. It was stated that the exact information of the number of rounds would be made available later. In the information which was sent, it was stated that 4 CRPF personnel had died at the Main Gate/Guard Room; 2 personnel had died at the Group Centre Control Room and one person had died at the other control unit. In the information sent, it was stated that in all probability, the terrorists had thrown two grenades. Also, from the site, it was stated that of the terrorists one magazine of AK47; 29 live

Also one magazine having 40 rounds of ammunition of CRPF was in the possession of the police. They had prayed that a First Information Report in that regard be lodged.

79. On 2.1.2008, the CRPF personnel again wrote that in continuation of the communication dated 1.1.2008, it was being informed that on 2.1.2008 further search was made in which one safety pin of a grenade was found; four empty cartridges of AK47 were found and 6 damaged/crushed cartridges were found. In addition, by this communication recovery of one magazine of AK47 with 29 rounds of live cartridges; 7 empty cartridges and a lever of hand grenade was shown and then recovered articles were handed over to the police.

80. Recovery memos were prepared by the police also. Exhibit-Ka-2 was prepared showing recovery of 2 empty cartridges of .38 bore from the place of firing. These firings were done by Sub-Inspector O.P. Sharma; 10 empty cartridges from the place of firing which was done by Jitendra Kumar and Virendra Rana were also found. One L shaped metal of a magazine was found by the Constable Jugal Kishore and Constable Nasir Ali. Two empty cartridges of .38 bore and 10 empty cartridges of 7.62 bore and one L shaped metal of magazine were wrapped in a piece of cloth and were sealed and kept in a safe place.

81. On 2.1.2008, in the presence of the witnesses Sub-Inspector Sri Shabahul Hasan and Sub-Inspector Sri K.P. Singh, the Deputy

Commandant of the Group Centre of CRPF Sri N.P. Singh had handed over :

1. one magazine of AK47 which had 29 rounds of live cartridges;
2. 7 empty cartridges of AK47; and

82. In this recovery memo, it has further been stated that upon investigation done by CRPF of the place of incident, one safety pin of hand grenade; 4 empty cartridges of AK47 and 6 used cartridges were found, (NOT MATCHED at FSL). All these articles were kept in another piece of cloth and were sealed. It has also been mentioned in the recovery memo that the CRPF had expressed their inability to inform as to where from these articles were found.

83. The entire recovered articles were sent by the CRPF by a communication No.I-Das-3/2008-Tha-2 and was dated 2.1.2008. This recovery memo of the articles was marked as Exhibit-Ka-35.

84. Similarly, other recovery memos were prepared on 1.1.2008. Exhibit-Ka-65 was the recovery memo with regard to the recovery of one damaged SLR Rifle No.16142833 along with magazine of 10 rounds. Also, the recovery was of 2 empty cartridges along with iron barrel of SLR No.47; one missed bullet of SLR and one mobile phone NOKIA having SIM No.9927846448 which were collected near the road of Railway gate near CRPF.

87. Various recovery memos were drawn of the articles recovered.

88. Exhibit Ka-64 was the recovery memo which was prepared by the Additional Superintendent of Police Sri Ashok Kumar Raghav on 10.2.2008. In this recovery memo, it has been stated that the STF had got information through various informers that prior to the date of incident, one Baba @ Jang Bahadur Khan resident of Milak Kamas along with a friend of his was seen roaming near CRPF camp. It has also been stated that efforts were being made by the STF, in the leadership of one Deputy S.P. Sri Jai Prakash Yadav and one another team leader Additional S.P. Sri Ashok Kumar Raghav, to apprehend Baba @ Jang Bahadur Khan and in this sequence of events, on 9.2.2008 at around 8.00 PM, informers had informed that Baba @ Jang Bahadur Khan had been sighted and that other terrorists were in contact with him and that they were to contact Baba @ Jang Bahadur Khan on 9.2.2008 again. 89. Along with all the teams, the Additional S.P. Sri Ashok Kumar Raghav reached the village of Baba @ Jang Bahadur Khan. While Team Nos.1 and 2 were near the house of Baba @ Jang Bahadur Khan, the third, fourth and fifth teams were keeping vigil in the village. While the Team Nos.1 and 2 were waiting near the house of Baba @ Jang Bahadur Khan, one person came out of the house and he was recognized by the

informer and at around 10.30 PM, Jang Bahadur Khan was apprehended. Upon enquiry, he told that his name was Jang Bahadur Khan @ Baba, son of Khan Bahadur, resident of Milak Kamas, Police Station Munda Pandey, District Moradabad. Upon further investigation, he told that Sharif @ Suhail was trained in Pakistan and was an active member of Lasher-e-Taiba and that he had committed the attack on CRPF Camp, Rampur. Thereafter, upon the occurrence of the incident at the CRPF Camp, the firearms used by Sharif were kept in his house i.e. the house of Jang Bahadur Khan and that Sharif had collected those firearms from the house of Jang Bahadur and he had gone with four of his friends to the Rampur Bus-stand and he was to go to Delhi from there and if the teams rushed to the bus-stand, they could apprehend him. Thereafter the Additional S.P. Ashok Kumar Raghav took all the teams to the Rampur bus-stand and hid themselves at various places. Jang Bahadur had accompanied the teams. While they were all hiding, Jang Bahadur informed them that from the main road which led to Bilaspur and which had on the left side a 'pan and chai' shop two persons were standing there and he stated that the person having a maroon bag was Sharif @ Suhail and the other one was his friend and thereafter the teams arrested Sharif @ Suhail and his friend in the mid-night of 9/10.2.2008 at 12.10 AM. Another paper with a map drawn by pencil was also found. Upon being questioned, Sharif @ Suhail told that he was working in Saudi Arabia.

Along with him was working one Kausar son of Badaruddin resident of Kunda, District Pratapgarh. There they had gone to offer prayers in a mosque and the Imam there used to tell the two of them about the concept of jihad and thereafter they had gone to Pakistan for training and from Pakistan via Kashmir they had come to India. While he had crossed the border, he was carrying with him one AK47 and the required cartridges. However, the AK47 and the cartridges were taken by Lashker-e-Taiba people and from Kashmir thereafter he had come to his home town. From Pakistan, one Yusuf used to send him the money. He had stated that he had been given the task of attacking Rampur CRPF Camp. The CRPF camp was seen and reconnaissance was done of that place by him along with Baba @ Jang Bahadur and after having prepared the map of CRPF Camp, he had informed Sabauddin who was living in Kathmandu and was planning from there. Sharif further informed that Sabauddin had sent him to one Atif @ Sadiq of Jammu Kashmir who had given him 2 AK47 rifles, six fully loaded magazines and 8 grenades which he had brought and given to his friend Kausar of Kunda Pratapgarh. One week before the incident at CRPF Camp, Sharif told that he had brought the arms from the house of Kausar at Pratapgarh and had kept them in the house of Gulab, resident of Shahgarh, P.S. Baheri, district Bareilly. He had stated that on 29th December he had started from Gorakhpur to Bareilly and in the morning of 30th, he reached Bareilly. From Bareilly, he came to Moradabad and from Moradabad he came to the bridge near Kosi river near the Camp and there he had two other persons who had been sent by Sabauddin.

One was named Amar Singh @ Abuzad and the other was named Adil @ Asad and both were Pakistani fidayeen. After having left both the fidayeens with Jang Bahadur, he (Sharif) had stated that he had gone to Baheri. On 31st December at 9.00 PM, he had stated, that he reached the bridge near the CRPF Camp where the three of them were waiting. He had stated that he had given two of them AK47 rifles and three magazines each. He had also given them 4 grenades each and thereafter he had stated that he reached near Baba @ Jang Bahadur. He then had stated that it was understood that they had to fire on the CRPF Camp and kill as many jawans as possible. He stated that thereafter he had hidden himself at a little distance. Thereafter since the entire team had to commit another crime in Bombay, they were all carrying the firearms for committing the crime at Bombay. He had stated that he along with Fahim had to go to Bombay. Saba, Amar Singh @ Abuzad and Adil @ Asad were to go from Rampur by Nauchandi Express to Lucknow and they were carrying their firearms with themselves and from there they had to reach Bombay. Upon getting this information, the Additional S.P. had given the information to STF Headquarters about the arrival of Sabauddin and his two companions. The person who was arrested alongwith Sharif i.e. Fahim was also questioned and he also told the story something akin to the story told by Sharif. In addition to that he told that he had prepared the map of Mumbai where he had to commit the crime. He had stated that he made arrangements of all the persons for going to Mumbai itself. Thereafter the recovery memo was prepared of one 30 star pistol, live cartridges of 30 bore, 3 live hand grenades, 1

passport and hand drawn maps. The recovery memo also mentioned the arrest of three accused being Baba @ Jang Bahadur Khan, Sharif @ Suhail and Fahim. (In this recovery memo, there was also a mention of the co-accused Kausar and Gulab).

90. Exhibit Ka-83 was a recovery memo with regard to two AK47 rifles along with magazine, cartridges having 18 rounds, 2 hand grenades and showed the arrest of three accused being Sabauddin, Imran Shahjad and Mohd. Farooq. With regard to the incident at CRPF Camp, the STF had formed under the Senior Superintendent of Police Sri Amitabh Yash, a team comprising Deputy SP Sri Jay Prakash and Sri S. Anand; Sub-Inspector Sri Avinash Misra and Sub-Inspector Sri Ashok Kumar Banerji. They had received information that on 9/10.2.2008, three dreaded terrorists who had connections with Lashker-e-Taiba and had committed the attack at CRPF Camp, Rampur were reaching Lucknow by Nauchandi Express at 5.00 AM and that at Lucknow they were to meet somebody and thereafter they had to proceed for Mumbai. This information was confirmed by the STF team at Rampur. The Rampur team had informed that three terrorists were carrying certain bags; one was carrying a blue and black bag; the other was carrying a black coloured airbag and the third was carrying a green bag and that in those bags there were extremely modern weapons and explosives. Believing on the information given by the Rampur team, on 10.2.2008 at around 3.30 AM for taking action, Inspector Navendu Kumar along with Sub-Inspector Jai Prakash Pandey; Sub-Inspector Sri Ajay Chaturvedi; Sub-Inspector Satendra Singh; Sub-Inspector D.K. Shahi; Sub-Inspector Satya

Prakash; Sub-Inspector Sandeep Mishra; Head Constable Dhirendra Singh; Head Constable Pramod Kumar; Head Constable Gajendra Pal; Head Constable Rajkumar Singh; Head Constable Pankaj Dwivedi; Head Constable Himmat Singh; Constable Devendra Pal Singh, Constable Neeraj Kumar; Constable Amit Kumar; Constable Satya Prakash; Constable Usman; Constable Rajesh Mishra; Constable Virendra Pal Singh; Constable Commandos Mohd. The police personnel had divided themselves into three teams. The informer was kept for the team which was led by Navendu Kumar and this team of Navendu Kumar was at Charbagh Reservation Counter. The second team was at the road in between Charbagh and Hussainganj and the third team was at Charbagh Hussainganj road leading to the Railway Stadium. Upon the information given by the informer when the three terrorists came out of the Railway Station, they were followed and when they suspected something foul, they started opening their bags and were in the process of taking out their firearms. Upon this, Navendu Kumar ordered the three of them to surrender. Instead of surrendering, they started taking position and the three were arrested near the Ravindralaya Gate at around 6.30 AM. The persons who were arrested were Shabauddin Ahmad @ Shaba @ Farhan @

Mohd. Bashir @ Sanjiv @ Barar @ Samir @ Iftikar @ Abu Al Kasim @ Ali son of Shabbir Ahmad, village & post Gandhwar via Pandaul, P.S. Sakari, District Madhuban, Bihar and from him was recovered one AK47 rifle with magazine having 9 live cartridges of 7.62 bore and the rifle was numbered as R-11245. From the bag were recovered clothes, a ticket for travelling on 11.2.2008 from Agra Cantt. to Mumbai and Rs.540/- (cash) was also recovered. A long key on which was written RECKSON was also recovered and Shabauddin told that it was with regard to the room at Bangalore. The other person, who was apprehended by the second team, had told his name as Abu Osama @ Ramiz @ Imran Shahjad @ Avaish @ Adil @ Ajay @ Ashad son of Mohd. Azam, resident of Shibhani, P.S. From him also a Pakistani passport having his photograph and a railway ticket for travelling from Agra Cantt. to Mumbai by Punjab Mail on 11.2.2008 were recovered. Cash of

Rs.435/- was also recovered from him. The three terrorists gave information about themselves and that was noted in the recovery memo.

91. When Jang Bahadur Khan @ Baba and Sharif were arrested, on their pointing on 14.2.2008 in the presence of police personnel one empty magazine of AK-47 was also recovered from near the Kosi river bridge near Dilli hotel near CRPF Camp Rampur. The accused themselves had got the police vehicle stopped near the Dilli Hotel and they got out of the vehicle and from the side of the hotel there was a kaccha rasta which led to the kosi river bridge and from below the bridge, Sharif and Jang Bahadur @ Baba at around 6.15 had unearthed a black bag and from it were recovered two empty magazines of AK-47. These two magazines were sealed in a cloth and kept securely. This recovery memo was prepared on 14.2.2008.

92. From the arguments made by the learned counsel and from the perusal of the record, we find that to begin with the appellants' counsel had laid much stress on the fact that the eye-witnesses had definitely not identified the accused when the incident had occurred. In order to prove the presence of the accused persons at the place of incident i.e. at the CRPF Camp, we find that there were 9 eye-witnesses. Out of the 9 eye-witnesses, PW-1 O.P. Sharma; PW-2 Satish Sharma; PW-6 Indrapal Singh and PW-38 Jitendra Kumar Singh were the eye-witnesses of the police party, whereas the eye-witnesses of CRPF personnel were PW-8 Constable Pradeep Kumar **Goozar**; PW-9 Constable Kendra Singh; PW-12 Constable Satosh Kothari and PW-15 Rajjan Lal Paswan. They were posted at the Naka/Morcha near DIG Control Room inside the camp and

at the time of incident they were inside the Guard Room. Along with them were present the Constable Ramjee Saran Mishra and Constable Laxman Dasila. Constable Laxman Dasila was not examined by the prosecution though his statement was recorded by the Investigating Officer during investigation. In addition to the police personnel and CRPF personnel, there was one Railway employee namely Chote Lal who was examined as PW-32. He was on a patrolling duty on the railway track which was near the Gate No.1 of the CRPF camp. PW-22 Nand Kishore was the peanut seller. Admittedly, none of the accused persons were known to the witnesses. When the FIR was lodged by the complainant Om Prakash Sharma, the exact number of the accused was not given; their descriptions were absolutely vague. This was not only the case in the FIR but was also the case when the statements were recorded under section 161 Cr.P.C. The statements did not disclose the exact number of the assailants; the identity/description of the assailants was also missing. It may be noted that the incident had taken place on 1.1.2008 at around 2.25 AM but the accused were arrested on 10.2.2008. Jang Bahadur Khan and Mohd. Sharif were arrested on the basis of the some secret information by a team of the STF Lucknow. This team was led by Ashok Kumar Raghav (PW-17) and Ram Badan Singh (PW-19). They had arrested Jang Bahadur Khan from village Milak Kamas and Mohd. Sharif was arrested from the bus-stand at Rampur. Fahim, who was also arrested on the pointing of Jang Bahadur Khan from the vicinity of Rampur bus-stand was not tried along with the others and was tried separately. On 10.2.2008 Sabauddin was arrested with one AK47

rifle, 9 live cartridges; one train ticket; one room key of Bangalore house and some cash from Charbagh Railway Station at Lucknow. Similarly, Imran Shahjad was arrested with AK-47 rifle; 9 bullets; one Pakistani passport; one railway ticket and some cash from Charbagh railway station. Likewise, Mohd. Farooq was arrested from Charbagh railway station with one hand grenade in his hand and one hand grenade in his pocket. He was also found carrying a Pakistani passport, one railway ticket and cash. Mohd. Kausar and Gulam were implicated as accused on the statement of Mohd. Sharif and Jang Bahadur Khan.

93. Now, the question which arises in the case is as to how the eye-witnesses had recognized the accused persons. The PW-25 O.P. Tripathi who had taken over the investigation w.e.f. 17.2.2008 on the basis of the statement made by the eye-witnesses, mentioned above, under section 161 Cr.P.C. had submitted **his first charge sheet Ka-92** and this was filed on 2.8.2008 against 7 accused persons under sections 147, 148, 149, 302, 307, 332, 120-B of Indian Penal Code; section 3/4 of Prevention of Damage to Public Property Act; section 7/27 of the Arms Act and section 3/4/5 of Explosive Substances Act in the Court of Chief Judicial Magistrate, and thereafter the case was committed to the Court of learned Sessions Judge which was registered as Sessions Trial No.208 of 2008 (leading case).

94. Here we would like to deal the versions of the witnesses with regard to the number and description of the assailants. In the FIR it has been stated that the complainant was there at 2.30 AM on 1.1.2008. He had heard the firing sound near the CRPF Camp and thereafter had

reached there and had seen 4-5 persons firing at the CRPF Camp with sophisticated weapons and they had also entered the camp. He himself fired two rounds from his rifle. Definitely, there was no mention of any description of the assailants. He just mentioned that they were all of young ages and of medium built and height and two of them were wearing military jackets.

95. Similarly, PW-6 Constable Indra Pal in his statement under section 161 Cr.P.C. had stated that he was also on patrol duty along with PW-1, the complainant. He had also heard the sound of firing and he had seen 4 to 5 persons firing on the CRPF personnel. He had also fired 8 rounds. Thereafter, came the statement of PW-38 Jitendra Kumar Singh under section 161 Cr.P.C.. He also stated that he had heard the sound of firing; had reached at the place of firing and saw 4-5 persons firing at the CRPF personnel. No description of the assailants was given. He also fired 5-7 rounds.

96. Thereafter the four eye-witnesses of the CRPF had given their versions in the following manner :

- i. PW-8 Constable Pradeep Kumar Goozar had stated that there was sudden firing and he had virtually lost control of the situation and he could not see the faces of the assailants. He had stated that they were 2-3 in number.
- ii. PW-15 Rajjan Lal under section 161 Cr.P.C. had stated that he had not seen the faces of the assailants and had stated that at least 2-3 terrorists were definitely there. PW-9 Kendra Singh had

stated that he had also not seen anything as his back was towards the window and he had also lost his consciousness. PW-12 Constable Santosh Kothari in his statement under section 161 Cr.P.C. had stated that he saw one assailant wearing a thick khaki jacket and a peaked cap. However, he did not give any description of the assailants.

iii. PW-32 Chote Lal, who was the railway official, in his statement under section 161 Cr.P.C. had stated that he only dittoed the version of his companion Jagannath.

iv. PW-22 Nand Kishore, the peanut seller, in statement under section 161 Cr.P.C. had stated that he had heard the sound and then had gone towards the place where the rickshaw puller Kishan Lal was sleeping and he had found that he had actually been killed. He had also seen two persons wearing jackets.

97. Thus, from the version of the FIR and the statements under section 161 Cr.P.C. of the eye-witnesses, we find that the description of the eye-witnesses with regard to the accused persons was missing. The exact number of the assailants was also not known to the eye-witnesses. However, when the various eye-witnesses appeared in the witness-box, they were knowing the number of the assailants and also they knew their names.

98. Before we go to the deposition of the eye-witnesses, it would be relevant to look into the deposition of PW-23, Inspector Satya Prakash Sharma who was the Investigating Officer from 1.1.2008 to 14.2.2008.

At page 417 of the paper book, he had stated that when he had taken the statements under section 161 Cr.P.C., no-one had mentioned anything about the description of the assailants. At page 420 of the paper book, i.e. in the statement-in-chief, he had stated that he had not moved any application for the test identification of the accused persons in the Court. He had also not made any effort to keep the assailants unidentified by the method of keeping them in isolation.

99. Similarly, PW-25-O.P. Tripathi, who was the Investigating Officer from 17.2.2008, had stated that before the incident neither the injured nor the eye-witnesses knew the assailants' description or their names. He had also stated, at page 450 of the paper book i.e. in his statement-in-chief, that he had not given any application for the test identification parade of the accused persons.

100. PW-1 O.P. Sharma, PW-6 Indra Pal Singh, PW-8 Pradeep Kumar Goozar, PW-9 Kendra Singh, PW-12 Santosh Kothari, PW-15 Rajjan Lal Paswan and PW-32 Chottey Lal had in their examination in chief, which they had given in the Court had given out as to how many of the assailants were there. This, they had not done either in the FIR or in the statement under section 161 and when they were confronted with their own statements, during cross-examination, almost all of them had stated that they had not known anything about the assailants at the time of the incident.

101. Learned counsel for the appellants, the learned Amicus Curiae had pointed out from the examination-in-chief and the cross-examinations of

the abovementioned prosecution witnesses the discrepancies in their statements. The PW-1 the complainant Sub-Inspector Om Prakash Tripathi at page 212 had very categorically stated that Jang Bahadur Khan was stationed at Gate No.1 of the CRPF Camp and a little ahead of the gate were Imran Shahjad and Mohd. Farooq with their AK47 rifles and they were firing and at page no.225 of the paper book i.e. in the cross-examination, he had stated that in the FIR he had not disclosed any description of the assailants. He had only stated that they were young persons and that they were 4-5 in number. Then again at page 213, he had stated that Jang Bahadur Khan was exhorting the other accused persons and that Sabauddin with his AK47 was also firing at the CRPF camp and was also throwing hand grenades. He had stated that just beside Sabauddin, Mohd. Sharif was also standing and he was also throwing grenades. Jang Bahadur Khan was asking Imran Shahjad to throw grenades. Jang Bahadur Khan was also asking Mohd. Farooq that the Kafirs be killed. In this manner, he had stated in the statement-in-chief that Jang Bahadur Khan was through and through by taking names exhorting the other assailants. However, at page 234, he had categorically stated that he did not recognize any of the accused persons from before. At page 227 again in the cross-examination, he had stated that he had not taken any names in the statement under section 161 and he had only stated that someone was exhorting the others. He had also stated in the cross-examination that he had not got prepared any document/drawing by which he could say that he had actually seen the assailants and could recognize them. At pages 214, 217 and 218 of the

paper book again, PW-1 had through and through mentioned the names of various assailants and tried to show that he knew their names. However, in his cross-examination, his version changed. He had clearly stated that on 22.2.2008, he had seen the photograph of Sabauddin in the police station and had, therefore, recognized Sabauddin. He had stated that on 22.2.2008 at 8.09 hours, a file went past him while he was trying to search some record and then he saw the photograph of Sabauddin. He had stated that he did not have any idea as to how the photograph of Sabauddin reached the police station. He had stated that he had just by matter of chance looked at the photograph and underneath his name was written. In this regard, the Investigating Officer had not put any question. **At page 229 on 9.1.2012**, he had stated that apart from the fact that he had seen the whole incident himself, he had also been told about it by the Superintendent of the CRPF. At page 234 he made a statement which was dated 9.1.2012, in the cross-examination wherein he had categorically stated that “यह सही है कि मैं मुल्जिम को पहले से नहीं जानता था।” (*It is correct that I did not know the accused from before*).

102. Similarly, PW-6 Constable Indra Pal Singh stated somewhat the same thing which the PW-1 had stated. He had also mentioned that Jang Bahadur Khan was exhorting Imran to fire and Farooq to throw the grenades. In his examination in chief, he stated that he had seen the accused in jail and had tried to recognize them. He had stated that while he was injured and was being treated at Meerut Medical College, the Investigating Officer Satya Prakash Sharma and ATS Inspector both had

gone to him to ask about the incident. However, in the cross-examination, he had stated at page 260 that he had stated that while he was firing, all the assailants were at a 50 meters distance. He had further stated that he was not aware as to how many of them had entered the gate of CRPF. He was not aware as to whether he had told the Investigating Officer under section 161 Cr.P.C. about the description of the assailants. In fact when he was confronted with his statement under section 161 Cr.P.C., he had admitted that there was no description of the assailants given while he was getting his statement recorded under section 161 Cr.P.C. With regard to the names etc. which he had taken in the examination-in-chief, he had admitted that he had never mentioned the names in the statement recorded under section 161 Cr.P.C.

103. PW-38 Constable Jitendra Singh had in his statement-in-chief stated that he had reached the Gate No.1 of the CRPF at around 2.30 AM and there was electricity bulb which was giving out light and there he had seen around 4-5 persons. The one who was standing absolutely behind the assailants was named Jang Bahadur Khan and he was asking the other assailants to throw the grenades. He then asked Farooq to fire. He had very graphically described that inside the CRPF gate, at the forefront was standing Imran; behind him was Farooq who was followed by Sabauddin. Sharif was at the rear end and Jang Bahadur Khan was behind all of them and was exhorting them to fire and throw grenades. He went to the extent of saying that Imran and Farooq were from Pakistan; Jang Bahadur Khan was from Moradabad; Sharif was from Rampur and Sabauddin was from Bihar. At page 501 of the paper book

i.e. in his examination-in-chief, he had stated that the person in white kurta with beard and the one who was wearing spectacles was Jang Bahadur. The person on his left who was in Kurta Paijama was Imran. The person in green T-shirt was Sharif and the person in black T-shirt was Farooq. Sharif's face, he had stated, he did not remember. In the cross-examination, he had categorically stated that when his statement under section 161 was taken on 2.1.2008, he had not given the description of any of the accused persons. He was again confronted with the statement which he had made that the person in green T-shirt was Sabauddin when in fact he was Kausar then he had, to that question, replied that at that point of time, the light had gone out and that his eyes had also deteriorated because of which the power of his spectacles had changed. To another question, which was put to him that the person in black T-shirt he had recognized as Farooq was in fact Sabauddin, then he again had said that light had in fact gone and his eyes had become weak. He was also confronted with the statement under section 161 Cr.P.C. with regard to the fact that the firearms which were there in the CRPF had been taken away by the CRPF people then he had stated in the statement under section 161 that in fact the firearms had been taken away and there was no opportunity for the police to get the finger prints which might have been there on them. He then again had stated that the Investigating Officer had never taken his help to recreate the faces of the accused persons by the method of pencil drawing etc. Thus, in fact the dock identification was also inaccurate.

104. In the same manner, we find that PW-8 Pradeep Kumar Goozar who was the CRPF jawan had also stated on pages 266 and 267 of the paper book, that one terrorist was shouting from behind and exhorting Farooq and Imran to throw grenades and he had stated that he himself had seen Imran throwing grenades. He had stated that he had seen one more person but his name he did not remember. He had stated that these persons were seen by him in the Sessions Court and he had recognized them there. He pointed out his finger towards Imran and had stated that the particular accused was involved in the incident. In the cross-examination at page 271 and 272, he categorically stated that he was not knowing the names of the assailants at the time of recording of statements under section 161.

105. Constable Kendra Singh-PW-9 at page 274 and 275 had stated, again by taking the name of Mohd. Farooq that he was throwing grenades. He also took the name of Imran Shahjad. He had stated that on 22.2.2008 when the accused were being taken towards the river kosi then he had also reached there out of curiosity and he had seen Gulam, Shahjad and Mohd. Farooq there and he had recognized them. He had, however, stated that he had not recognized the accused persons in the Court as much time had elapsed. In the cross-examination, he had categorically stated that he had never stated earlier either in writing or orally that Imran Shahjad was firing by AK47. Again he admitted that in the statement under section 161 he had not told any name or description of the accused. He also stated that he had never got the opportunity to identify the accused before he had given his statement-in-chief. He had

also stated that it was correct to say that under section 161 Cr.P.C. he had categorically stated that his back was towards the gate and he had not seen anyone.

106. PW-12 Santosh Kothari in his examination-in-chief itself had stated that he had not seen any accused person and he was, therefore, declared hostile.

107. PW-15 Rajjan Lal in his examination-in-chief had stated that he had seen the accused persons and had heard someone calling by the name of Farooq and Imran and was exhorting them to throw grenades. The person who was recognized as Farooq by this PW-15 was in fact Imran and the reason that he gave for not recognizing Farooq was the passage of long time.

108. PW-32 Chotey Lal was a gangman at the railway crossing in the year 2008. He had not given anything much about the names etc.

109. Evidently, from the depositions which have been analysed above, the appellants were admittedly not known to the witnesses. However, very surprisingly in the examination-in-chief their names were uttered by them. If Jang Bahadur Khan, Fahim and Sharif were arrested from Moradabad and Rampur bus-stand and if Sabauddin, Imran Shahjad and Mohd. Farooq were arrested on 10.2.2008 from Charbagh Railway Station, Lucknow and if they were dreaded terrorists with various modern automatic weapons and live cartridges etc. then should the Court come to the conclusion that they were the ones who had committed the

crime at the Rampur CRPF Centre on 1.1.2008 is a question which has to be very minutely looked into by us.

110. The PW-1, PW-6, PW-8, PW-9, PW-12, PW-32 and PW-38 had been chosen as the eye-witnesses in the case. A few of them were also injured eye-witnesses. They had throughout in the FIR (lodged by PW-1) and in the statements which they had got recorded under section 161 Cr.P.C. never mentioned either the names of the appellants/accused persons or had given any description of theirs which could have matched with the accused persons. However, we do find that after the accused were brought to jail on 9.2.2008 and 10.2.2008, there was no effort made by the investigating agencies to keep them under cover. They were openly seen by everybody and in fact PW-1 has gone to the extent of saying that when he had gone to the police station, he had seen the photograph of Sabauddin and had also seen his name written under the photograph. Also, we find that none of the eye-witnesses had ever mentioned the name of any of the accused before they were arrested.

111. Definitely, a First Information Report is not an encyclopedia of all facts. However, at the same time when no Test Identification Parade was conducted, the first version of the complainant reflected in the FIR would play an important role. What we have to consider is as to whether when in the FIR or in the first version of the eye-witnesses, the identity and the names of the accused was not disclosed then could the accused be convicted without a Test Identification Parade. All the eye-witnesses have categorically stated that the accused were definitely not known to them from before. Therefore, the Court has no other option but to

conclude that either the eye-witnesses were tutored with regard to the description and the names of the accused persons or they themselves had visited the various jails to know the names. (they having not being kept under cover). Even in the Court Room, we find that not all the eye-witnesses had been able to recognize the accused persons with precision.

The evidence of mere identification of the accused persons at the trial for the first time is, from its very nature, inherently a weak piece of evidence. The principle of Test Identification Parade is to test the strength and the trustworthiness of the evidence. TIP is a safe rule of prudence to look for the corroboration of the sworn testimony of the witness in the Court, specially when the accused are absolute strangers to them. No eye-witness has given any testimony which could be treated as a testimony which was trustworthy and could be relied upon and this is also the law which has been laid down by the Supreme Court in **Amrik Singh vs. State of Punjab : (2022) 9 SCC 402.**

112. Thus, the absence of TIP gains utmost importance in the case and when the eye-witnesses themselves did not know the accused from before and did not even mention their names in the FIR or in the statements under section 161 Cr.P.C. then a TIP was all the more important. In the absence of TIP, we have absolutely no link which would make us believe that the eye-witnesses actually recognized the accused. Simply, because the accused were dreaded criminals and had been apprehended by the police would not connect them to the incident which had occurred on 1.1.2008.

113. Also, it may be noted that when the crime was committed during the hours of darkness and the appellants were absolute strangers to the witnesses, the identification of the accused persons assumed great importance. In all cases where the witness had ample opportunity to have looked at the accused before the identification parade is held, it may adversely affect the trial. Thus, it was the duty of the prosecution to establish before the Court that right from the day of the arrest till the accused were brought in open, they were in absolute cover (*baparda*).

114. In the instant case, we do find that the accused were not kept under cover (*baparda*) and anybody could have had a look at them especially when the PW-1, PW-6 and PW-38 were police personnel. In this regard, learned counsel for the appellants has relied heavily upon the decisions of the Supreme Court in **Amrik Singh vs. State of Punjab : (2022) 9 SCC 402; Bollacaram Pedda Narsi Reddy & Ors. vs. State of Andhra Pradesh : (1991) 3 SCC 434** and **Gireesan Nair & Ors. vs. State of Kerala : (2023) 1 SCC 180**.

115. In addition to the above, we find that the CRPF personnel definitely did not recognize the accused even in the Court and thus there was a defective dock identification as well. If the eye-witnesses confused one accused with the other then the Court gets a feeling that the tutoring was incomplete and not properly done and, therefore, the confusion had occurred.

116. What is more, the eye-witness accounts also become doubtful because if we see that at the time of arrest, the accused had given out

their names. Along with their names they had also given various other nick names by which they were known. Definitely when the planned attack at CRPF Camp was being done then no accused would call the other accused by the actual name and they would keep their identities safe and mention their names which were not their real ones. Still further, we find that from the side of the CRPF almost 98 rounds of firing had been done and from the side of the police also a fair amount of firing had been done but not one assailant was even injured, despite the fact that it was the case of the prosecution that they had entered inside the CRPF Camp to the extent that they had even left their finger prints on some glass panes.

117. In the circumstances, when the direct evidence of the eye-witnesses become weak, it becomes the sacred duty of the Court to look into the circumstances which prevailed and which could have led the Court to conclude that the assailants were in fact the arrested persons who had been arrested at Moradabad / Rampur / Lucknow on 9.2.2008 and 10.2.2008. For this purpose, the statements of various witnesses again become very important. The prosecution has come up with a case that certain chance finger prints were lifted on 1.1.2008 by PW-24 Inspector Satya Prakash Sharma from the crime scene i.e. from the office of the CRPF camp and the same was sent for comparison with the finger prints of only three accused persons namely Sabauddin, Imran Shahjad and Mohd. Farooq who were housed in the Lucknow jail. This was done on 3.4.2008. The Forensic Science Laboratory (FSL) expert PW-13-Naval Kishor Srivastava deposed about the similarity of the finger prints

of Imran Shahjad and Mohd. Farooq. However, after having gone through all the evidence on record and after having gone through the statements of the prosecution, we are of the view that the report of the FSL expert is not reliable. When the finger prints were lifted from the glass panes from the CRPF office on 1.1.2008 where exactly were they kept from 1.1.2008 to 3.4.2008 remained a mystery. The omission from the side of the prosecution to show that they were safely kept would be fatal to the prosecution case. When the safe keeping of the finger prints in between 1.1.2008 to 3.4.2008 was not proved by the prosecution then one cannot rule out the chance of tampering of the finger prints in between 1.1.2008 and 3.4.2008. PW-37 namely Hindveer Singh has stated that their finger prints were lifted from the crime scene vide **paper No.34Kha/17** and he has stated that the document by which the finger prints were lifted were bearing the signatures of PW24 and PW-5. However, PW-5 has not uttered a single word about the lifting of finger prints on 1.1.2008 in his testimony. Further the statement of PW-21 – Mahesh Chandra which was recorded in April, 2008 does not inspire confidence. His statement was recorded in April, 2008 under section 161 Cr.P.C. Only to give credence to the entire exercise of the comparison of finger prints this was done. He had stated that the finger prints were lifted on 1.1.2008 and were given to the Investigating Officer Sri Satya Prakash Sharma. Thereafter on 3.4.2008 at 8.35 hours, he (PW-21) had himself taken the envelop to the FSL. PW-21 in his examination-in-chief at page 386, however, had stated that initially the finger prints were lifted from the CRPF Camp under the orders of the Investigating Officer

and were kept under safe cover. However, in the entire testimony of PW-21, he did not show that any document had been produced or proved to show that any envelop in which the finger prints were kept was kept in safe custody. The statement of PW-24 Satya Prakash Sharma on 27.4.2015 at page 424 of the paper book, i.e. the cross-examination, evidently shows that he did not know as to when the finger prints were deposited for safe custody in the police station and he has also stated that the deposit of the envelop was not entered in any CD entry. He only suspected that its entry might be there in the Malkhana register or in the GD entry. However, neither any Malkhana register was produced nor any GD entry was produced by the prosecution to show that the deposit of the chance finger prints was there in safe custody.

118. When the second Investigating Officer O.P. Tripathi was put a question as to whether the Constable Mahesh Chandra – PW-21 had told him as to how many finger prints he had lifted from the spot, he had not answered that question. PW-25 O.P. Tripathi had stated, also upon a question being asked as to when Mahesh Chandra PW-21 had deposited the finger prints in the Malkhana, he had replied, “मुझे नहीं मालूम कि किस तारीख को यह फिंगरप्रिंट कोतवाली में जमा किए गए इस बाबत पूर्व विवेचक से मैंने कोई पूछताक्ष नहीं की थी और ना ही कोई जी0डी0 एंट्री की कॉपी प्राप्त की और न केस डायरी में सलंन की। Also at page 449, upon a question being asked as to whether he was aware as to where the finger prints lifted from the CRPF camp were kept, he had answered : “यह कहना सही है कि मुझे यह नहीं मालूम की दिनांक 01.01.2008 को जो फिंगरप्रिंट सीआरपीएफ कैंप में लिए गए थे वह 03.04.08 तक किस व्यक्ति या अधिकारी की कस्टडी व संरक्षण में सुरक्षित रखे गए थे।” He then states that

for the first time Mahesh Chandra had entered in the case diary about the fact that he had taken the finger prints to FSL. He, at page 450, again had stated that “it was correct to say that he had not taken any document in his possession which would show that the finger prints were kept in safe custody in between 1.1.2008 and 3.4.2008.

119. Similarly, PW-35 Rajesh Kumar Srivastava had stated that he did not remember as to where and when the finger prints lifted on 1.1.2008 were kept in safe custody. PW-5 Shahbul Hassan, who as per the other witnesses had put his signatures on the document 34-Kha/17, was silent with regard to the lifting of the finger prints and has not mentioned about the finger prints anywhere whatsoever.

120. The other aspects which had been dealt with by the prosecution to connect the incident with the accused persons were the hand grenades, AK47 rifles and other materials including the empty cartridges from the place of incident. The recoveries were as follows :

- 1.** On 10.2.2008, from Sabauddin a 7.62 calibre rifle numbered as R-11248 with magazine having 9 live cartridges of 6.62 x 39 mm was recovered. Since, this recovery was made subsequently, this was given a separate case crime number which was registered as Case Crime No.48/08 under sections 121, 121A, 122 and 123 IPC and under section 3/7/25 of the Explosive Substances Act, 1984.

2. Similarly, from Imran Shahjad, one AK-47 rifle was recovered of 7.62 calibre and was numbered as 1516116. It had a magazine with 9 live bullets.

3. From Mohd. Farooq one hand grenade was recovered from his hand and one from his pocket.

4. Also, Mohd. Sharif and Jang Bahadur Khan, on 14.2.2008, had got recovered a bag containing 2 empty AK47 magazines from under the bridge at Rampur.

5. 32 empty cartridges of AK47 and 2 empty cartridges were recovered by the police from the place of incident and the CRPF on 1.1.2008 had recovered a magazine of AK47 having 29 live cartridges, 7 empty cartridges and a lever of the hand grenade. They had also sent a damaged SLR vide body no.16142833 and one magazine of 40 rounds.

6. On 2.1.2008 the CRPF personnel collected once again another safety pin of grenade, 4 empty cartridges of AK47 and 6 'D' formed bullets.

121. All these articles were sent to the FSL on 5.4.2008. However, in between 1.1.2008 and 2.1.2008 till 5.4.2008, where exactly were these recovered firearms and cartridges etc. kept is a big mystery. No Malkhana register entry or GD entry was placed on record. No witness was examined who carried these exhibits to the FSL. To be precise, one Constable Kallu had carried the articles but he was never produced in the witness box for him to elaborate as to from where he had picked up the

articles. Not only that, the articles which were recovered were sent with substantial delay to the FSL. The PW-14 Navendu Kumar had in his examination-in-chief on 2.12.2014 at page 336 identified the rifles K-186 and K-189 and the 18 cartridges (9 from Sabauddin and 9 from Imran Shahjad) which were recovered. These were the bullets which were examined by the PW-34 and as per his deposition as well as, as per his report dated 16.5.2008 (Paper No.Ka-181 at page 78), it specifically mentioned that 6 cartridges out of 18 were test fired and on the test firing, the PW-34 Sanjay Khare opined that the bullets matched the weapons.

122. What is more, the bullets which were recovered from the CRPF camp by the CRPF personnel did not match the test bullets. They were numbered as EC26, EC29 to EC43 (did not match). Also ECs2, 7, 9, 11, 12, 13 and 19, which were the cartridges given by the police, did not match. The cartridges i.e. Ecs 5, 6, 18, 25, 27, 28 and 30 which matched with the rifle numbered as 1/2008 and ECs4, 8 and 16 which matched with rifle which was numbered as 2/2008 would not lead one to believe that the bullets were fired from those guns as for good three months there was no evidence where the empty cartridges were kept. Possibility of tampering could not be thus ruled out.

123. Learned counsel for the appellants has submitted that the empty cartridges which came from the side of the CRPF and were numbered as EC25, EC29 to EC43 probably were never opened and manipulated. However, the other empty cartridges which did match and were not kept under safe cover could always be concluded to have been tampered with.

Unless there was a definite safe keeping of the empty cartridges which were recovered during the incident, one could not say with any certainty that the cartridges which were actually found on the place of incident were tested by the PW-34 Sanjay Khare. Also, definitely when the Constable Kallu was never cross examined and produced before the Court, it would never come to light that how the empty cartridges, rifles etc. were kept in safe cover. We, therefore, do find substance in the submission made by learned counsel for the appellants that when the various recovered bullets, empty cartridges, rifles were not kept in safe cover and they were always open for tampering then any amount of test firing done at the FSL would not be of any use. In the instant case when the two circumstances namely the “finger print recognition” and the “matching of firearms” which could have been the circumstantial evidence to prove that in the incident, the accused were involved did not inspire confidence and when the circumstances could not be at all proved, then it can safely be said that also on the basis of circumstantial evidence, the appellants could not be held guilty. Thus, link evidence with regard to lifting of finger prints of the accused upto its production before the FSL is missing. Same is the position of the arms and ammunitions lifted from the place of occurrence.

124. As per the judgment of the Supreme Court in **Sharad Birdichand Sarda vs. State of Maharashtra** reported in **AIR 1984 SC 1622**, there are five salient points which are to be seen for the conviction of the accused on the basis of circumstantial evidence which are as follows :-

1. The circumstances from which the conclusion of guilt is to be drawn should be fully established;
2. The fact so established should be consistent only with the hypothesis of the guilt of the accused;
3. The circumstances should be of conclusive nature and tendency;
4. They should exclude every possible hypothesis except the one to be proved; and
5. There must be a chain of evidence so complete as not to leave any reasonable ground for the conclusion consistent with the innocence of the accused and must show that in all human probability the act must have been done by the accused.

125. These ingredients have to be necessarily there for the Court to come to a conclusion that the accused were guilty.

126. Judgments cited by the learned counsel for bolstering the argument that conviction could not be done when there were missing links were as follows:

1. Satender Singh & Ors. vs. State of U.P. reported in 2020 SCC Online All. 821
2. Sachhida Nand & Ors. vs. State of Himachal Pradesh reported in MANU/HP/0472/2013
3. State of Rajasthan vs. Gurmail Singh reported in (2005) 3 SCC 59
4. Nand Kishore vs. State of Haryana reported in 1998 SCC (Crl) 568

5. State of Rajasthan vs. Daulat Ram reported in (1980) 3 SCC
303

127. Under such circumstances, the Court is of the view that definitely it could not be denied that the incident did take place. What the Court has to find out was as to whether the appellants who were the accused in the case had actually committed the offence. In the instant case on account of the fact that the prosecution witnesses had never known the accused-appellants from before and were never made to identify the appellants in a TIP, a doubt is raised as to whether the prosecution witnesses were ever aware that the accused-appellants had actually committed the offence. The Court from the entire reading of the records and after hearing the arguments of learned counsel for the appellants finds that the prosecution witnesses at the time of getting their statements recorded before the Investigating Officer under section 161 Cr.P.C. and at the time of lodging of the FIR, were not knowing the names of the accused persons. However, in the Court there were sufficient dock recognitions and in fact the prosecution witnesses i.e. eye-witnesses being PW1, PW-6, PW-8, PW-9, PW-12, PW-15, PW-22, PW-32 and PW-38 recognized in the Court the accused and in fact recognized them by their names as well. However, in the cross-examinations, they simply failed to inform the Court as to how and when they had got to know the names of the accused persons when at the time of the lodging of the FIR and at the time of the recording of the statements under section 161 Cr.P.C., they were not knowing their names at all.

128. Definitely, the evidence of finger prints also cannot be made the basis for conviction. There is a statement of PW-21 that the finger prints were lifted from the CRPF camp along with the PW-5-Shavabul Hasan on 1/2.1.2008 but PW-21 has not been able to tell as to whether the finger prints lifted were kept in safe custody. In fact, PW-5 in his entire testimony had not narrated any fact with regard to the lifting of the finger prints from the CRPF camp. In fact the Investigating Officer PW-24 and PW-35 have also not been able to tell in their testimonies as to where the finger prints which were lifted from the CRPF camp on 1/2.1.2008 were kept. There is a statement of PW-21 that the envelop in which the finger prints, which were lifted, were kept was numbered as 34-Kha/17. However, this envelop was never produced before the Court and there was no effort made to prove the finger prints. What is more, the circumstances under which the finger prints were compared were also making the story of lifting of finger prints from the CRPF camp doubtful. When there were 5 accused persons as per the prosecution who had attacked the CRPF camp then the finger prints could have been available of the 5 accused persons but the comparison which was done, was of only 3 accused persons namely Sabauddin, Imran Shahjad and Mohd. Farooq. When there is no evidence of properly keeping the finger prints lifted on 1/2.1.2008 then it can safely be concluded that the investigating agencies could have played foul. They could have taken the finger prints of the arrested individuals and could have stated that those finger prints were in the safe keeping of the police and had thereafter tried to get those finger prints compared with the finger prints of the 3

accused namely Sabauddin, Imran Shahjad and Mohd. Farooq and had sent the same for comparison.

129. Also, when the question came with regard to the safe keeping of the firearms; the empty cartridges and the grenades then also the Court finds that no safe keeping was done. In fact the person who had taken the firearms, bullets, empty cartridges and the grenades i.e. Constable Kallu was not even examined with regard to the fact as to where the firearms were kept, whether they were kept with any individual or in the Malkhana, nothing has been brought in the evidence.

130. Under section 43-E of UAPA, there is a presumption with regard to an offence under section 15 of the UAPA, if it is proved that the arms or explosives or any other substance specified in section 15 were recovered from the possession of the accused and if there was a reason to believe that such arms or explosive or other substance of a similar nature were used in the commission of such offence. However, in the instant case for the reasons give herein above when we have concluded that there was no connection of the accused persons with the incident then definitely the offence under the various provisions of UAPA could not be proved. Also, when it could not be proved that the accused persons had actually been there on the site then also no offence under sections 302 read with section 149 IPC could be made out. Also, for the reasons given in the submissions made by the counsel for the appellants, we are of the view that the offences under the IPC, UAPA; the Explosive Substances Act and the Arms Act were never proved.

131. So far as the sanction under Chapter VI of the IPC is concerned, we find that the sanctioning authority had not applied its mind while giving the sanction for the trial of offences under Chapter VI of the IPC.

132. So far as sanction under section 6 of the Explosive Substances Act is concerned, we find that it was granted on 1.11.2008 by the then District Magistrate, Rampur on behalf of the Government of India. However, it did not comply with the notification dated 20.4.1977 which was published in the Gazette of India on 14.5.1977 wherein the District Magistrate himself had to give the sanction and he had not to give the sanction on behalf of the Government of India. The District Magistrate as per the notification dated 20.4.1977 and as per the Explosive Substances Act after its amendment in 2002 himself had to give the sanction independently. He had not to give the sanction as an agent of the Government of India.

133. Thus, the appellants deserve acquittal under sections **148, 302/149, 333/149, 307/149, 121/149 of Indian Penal Code; sections 16 and 20 of Unlawful Activities (Prevention) Act; section 4 of Prevention of Damage to Public Property Act and section 27(3) of the Arms Act.**

134. Mohd. Sharif; Sabauddin; Imran Shahjad and Mohd. Farooq who were awarded capital punishment (i.e. the death sentence) and a fine of Rs. 50,000/- (each of the accused) under Section 302 read with section 149 of I.P.C. are acquitted of the charges levelled against them.

135. Mohd. Sharif; Sabauddin; Imran Shahjad and Mohd. Farooq who were awarded death sentence under Section 27(3) of Arms Act are also acquitted of the charges under the Arms Act.

136. Jang Bahadur Khan who was awarded life imprisonment with a fine of Rs. 50,000/- under Section 302 read with section 149 of I.P.C. is also acquitted.

137. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were awarded imprisonment of three years under Section 148 of I.P.C. are acquitted.

138. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were sentenced with the imprisonment of ten years and a fine of Rs. 25,000/- (each of the accused) under Section 307 read with section 149 of I.P.C. are acquitted of those charges.

139. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were awarded punishment of an imprisonment of 7 years and a fine of Rs. 20,000/- (each of the accused) under Section 333 read with section 149 of I.P.C. are acquitted.

140. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were sentenced for an imprisonment of 5 years and a fine of Rs. 20,000/- (each of the accused) under Section 4 of Prevention of Damage to Public Property Act, 1984 are acquitted.

141. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were awarded life imprisonment and a fine of Rs. 25,000/- (each of the accused) under Section 121 read with section 149 of I.P.C. are acquitted.

142. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were awarded life imprisonment and a fine of Rs. 25,000/- (each of the accused) under Section 16 of Unlawful Activities (Prevention) Act, 1967 are acquitted.

143. Mohd. Sharif; Sabauddin; Imran Shahjad Mohd. Farooq and Jang Bahadur Khan @ Baba who were awarded life imprisonment and a fine of Rs. 25,000/- (each of the accused) under Section 20 of Unlawful Activities (Prevention) Act, 1967 are acquitted.

144. However, upon the entire analysis of the evidence which had been brought on record, we find that prohibited firearms i.e. a 7.62 calibre rifle with magazine having 9 live cartridges of 6.62 x 39 mm. was recovered from Sabauddin; one AK-47 rifle of 7.62 calibre with a magazine having 9 live bullets was recovered from Imran Shahjad; one hand grenade in hand and one from the pocket of Mohd. Farooq was also recovered; 2 empty AK47 magazines from under the Kosi bridge on the pointing of Mohd. Sharif and Jang Bahadur Khan were recovered. On 10.02.2008 appellants namely Mohd. Sharif and Jang Bahadur Khan were apprehended on the basis of some secret information by a team of STF, Lucknow led by PW-17 Ashok Kumar Raghav who was accompanied by PW-19 Ram Badan Singh, from Village - Milak and Bus Stand Rampur, respectively. Whereas Sabauddin, Imran Shahjad and Mohd. Farooq were apprehended from Charbagh Railway Station, Lucknow by a team of STF Lucknow led by PW-14 Inspector Navendu Kumar (Two other persons namely Gulab Khan and Mohd. Kausar were also apprehended but they were acquitted). Three hand grenades were

recovered from possession of accused-appellant Mohd. Sharif and two empty magazines of one AK-47 were recovered on joint pointing out by accused-appellants namely Mohd. Sharif and Jang Bahadur Khan. The recovery memo of the three hand grenades from appellant Mohd. Sharif was proved as Ex.Ka-64. The hand grenades recovered from Mohd. Sharif @ Suhail were found in a maroon coloured bag held by said accused. These were wrapped in a green polythene kept inside the bag. He was arrested by police in the intervening night of 09/10.02.2008 along with one Faheem @ Arshad @ Hasan Ahmad.

145. The then District Magistrate Rampur granted sanction to prosecute Sharif @ Suhail @ Sajid for prosecution under Section 7 of the Explosive Substances Act on account of recovery of the three hand grenades from his possession without any legal authority for his prosecution under Sections 4/5 of Explosive Substances Act. In the report of FSL Agra, these grenades contained high explosive Lead Oxide and Trinitrotoluene (TNT). Section 2(b) of Arms Act, 1959 particularly defines "ammunition" which means ammunition for any firearm, and includes rockets, bombs, grenades, shells and other missiles as specific examples. This confirms that a "grenade" was to be treated as a form of ammunition under Arms Act, 1959. Section 2(1)(h) details a category of "prohibited ammunition" which includes items "containing or designed or adapted to contain any noxious liquid, gas or other such things", the same clause also specifically mentions rockets, bombs, grenades, shells, missiles, as example of prohibited ammunition. Because "hand grenade" is classified as ammunition and categorised specifically as prohibited

form of ammunition, its possession, acquisition, manufacture, sale or transfer are illegal without authorization from the Government. The Arms Act, 1959 aims the prevention of the use of dangerous weapons like grenades etc. so that law and order would be maintained.

146. Thus possession of hand grenade, which is an ammunition within Section 2(b) of Arms Act, is punishable under Section 7/25 of Arms Act. So far as recovery of empty magazine of AK47 high calibre assault rifle on pointing of accused-appellants namely Jang Bahadur Khan and Mohd. Sharif under Arms Act is concerned, we find that an empty magazine comes within purview of prohibited weapon and would be considered as a prohibited arm and its possession is thus unlawful. Law does not differentiate between an empty magazine and one which is full. The nature of weapon and its component is to be looked into. If a weapon is considered a component of a prohibited item and its unauthorized possession can lead to criminal charge under the Arms Act then the possession becomes punishable. In the present case, the empty magazines were recovered on the pointing out of appellants namely Jang Bahadur Khan and Mohd. Sharif on 14.02.2008, therefore, it is evident that the accused were conscious and aware of the possession of those items.

147. We are, therefore, of the view that since firearms; hand grenades; magazines and cartridges etc. were found from the accused persons and they were in possession of those prohibited articles without the fulfillment of the requirements of section 7 of the Arms Act, they are guilty of having committed offence under section 25(1-A) of the Arms

Act. The accused persons were in conscious possession of the lethal firearms and ammunition which were prohibited to be carried as per the mandate of section 7 of the Arms Act.

148. Thus, having found the appellants guilty of the offences committed under section 25 (1-A) of the Arms Act, the appellants are punished for 10 years of rigorous imprisonment. We intended to impose a heavier penalty but since the statute as was prevailing in the year 2008 i.e. the year of incident, the maximum punishment was 10 years, we are restraining ourselves from giving any graver punishment. We, however, further consider it appropriate to impose a fine of Rs.1 lac on each one of the appellants namely Mohd. Sharif, Sabauddin, Imran Shahjad, Mohd. Farooq and Jang Bahadur for the offence committed by them under the Arms Act. The period of imprisonment undergone by the appellants will be adjusted towards above sentence awarded to the appellants. The offence under section 25 (1-A) of the Arms Act is a minor offence in comparison to offense under section 27(3) of the Arms Act which is not found to be proved in the present appeal and they are acquitted charge of Section 27(3) Arms Act. In case of default of deposit of the fine of Rs.1 lac imposed on each of the appellants for charge under section 25 (1-A) of the Arms Act, the appellants will have to undergo further two years simple imprisonment.

149. If the appellants have already undergone the punishment of rigorous imprisonment of ten years then it shall be deemed that their punishment is complete. However, if they have not undergone the

punishment of 10 years rigorous imprisonment then they shall complete the punishment of all 10 years rigorous imprisonment.

150. As and when the appellants are released, the provisions of section 437A Cr.P.C. shall be adhered to by them and they will immediately appear before the trial Court and file requisite personal bonds and sureties to the satisfaction of the trial Court.

151. Before parting with the case, we would definitely like to mention that this case would have met a different result had the investigation and the prosecution been conducted by a more trained police. When the eye-witnesses were not knowing the accused persons from before and when the incident had occurred in the darkness of the night then it was imperative for the investigating agencies to have kept the arrested persons *in cognito* (BAPARDA). Also, the prosecution should have, in the circumstances narrated above, prayed for Test Identification Parade. When the FIR and the statements under section 161 Cr.P.C. were silent with regard to the recognition of the appellants by facial expression or by name then it was imperative that the accused ought to have been kept BAPARDA and they should have been made to get recognized by the method of Test Identification Parade alone.

152. Also, we are of the view that when the case had to be solved by applying the principles of circumstantial evidence then also, the finger prints which were allegedly lifted from the glass-panes of the CRPF Camp on 1.1.2008, ought to have been kept in extreme safe custody. Also, the empty cartridges, firearms etc. which were recovered from the place of incident, ought to have been kept in the Malkhana of the police.

From time to time, the State Government and the Central Government have been coming up with various rules and notifications as to how a Malkhana ought to be operated but in the instant case, we find that nowhere had those directions/directives been followed by the police and the investigating agencies.

153. The defect in investigation went to the root of the case and ultimately culminated in the acquittal of the accused persons. We are deeply concerned with the magnitude and enormity of the offence and at the same time we are constrained to observe that the prosecution miserably failed to prove the case against the accused for the principal offence beyond reasonable doubt which is a golden rule that runs through the web of criminal jurisprudence. The State would be at liberty to deal with appropriately the lapses in investigation and proceed against the guilty police officers under law.

154. Thus, for the reasons stated above, the instant Capital Cases being Capital Case No.7 of 2019 and Capital Case No.3 of 2020 and the Criminal Appeal No.31 of 2020 are allowed, subject to the conviction under section 25(1-A) of the Arms Act for all the reasons recorded in this judgment.

155. The Reference is also, accordingly, answered.

156. A copy of judgment along with Lower Court Record be immediately sent to Court concerned for necessary compliance.

157. For the hard work which has been put in by the learned Amicus Curiae, we quantify his fee as Rs.25,000/- which shall be payable to him

by the Legal Services Authority forthwith. The payment be got done under the supervision of the Registrar General of this Court.
