

IRRIGATION SECRETARIAT

NOTIFICATION

No. Sanie 10 Aa ja Aa 2011, Bangalore, Dated 9.3.2012

Whereas the draft of the Karnataka Groundwater (Regulation and Control of Development and Management) Rules, 2011 was published as required by sub-section (1) of section 38 of the Karnataka Groundwater (Regulation and Control of Development and Management) Act, 2011 (Karnataka Act 25 of 2011) in Notification No. Sanie 10 Aa ja Aa 2011 Dated 29.12.2011 in part 4A of the Karnataka Gazette No. 51, dated 29th December, 2011, inviting objections and suggestions from all the persons likely to be affected thereby with in thirty days from the date of its publication in Official Gazette.

And, whereas, the said Gazette was made available to the public on 29th December, 2011.

And, whereas, the objections and suggestions received in respect of the said draft rules have been considered by the Government.

Now, therefore, in exercise of the powers conferred by section 38 of the Karnataka Groundwater (Regulation and Control of Development and Management) Act, 2011 the Government of Karnataka hereby makes the following rules, namely:-

RULES .

1. Title and commencement:- (1) These rules may be called the Karnataka Groundwater (Regulation and Control of Development and Management) Rules, 2012.

(2) They shall come into force from the date of their publication in the official Gazette.

2. Definitions:- (1) In these rules, unless the context otherwise requires-

(a) 'Act' means the Karnataka Groundwater (Regulation and Control of Development and Management) Act, 2011 (Karnataka Act 25 of 2011);

(b) 'Form' means a form appended to these rules;

(c) 'Schedule' means a Schedule appended to these rules

(2) 'Words and expressions' used in these rules but not defined shall have the same meaning assigned to them in the Act.

3. Conditions for re-appointment of non-official members.- The conditions for re-appointment of a non-official member under section 5 shall be as follows, namely:-

(1) He shall not be disqualified under section 4 for being appointed as a Non-official member to the Authority; and

(2) He has not been subjected to any of the conditions for removal of a member under section 6

4. Allowances to non-official members under section 5(3).- The non-official member nominated by the Government shall be entitled for sitting fee of Rupees one thousand per day and first class train fare for traveling purpose.

5. Manner of notification and de-notification under section 10.- (1) The notification for declaration of any area as notified area under sub-section (3) of section 10 shall also be published at district level on notice board of the office of the Senior Geologist or Deputy Director, as the case may be and on the notice board of the concerned Taluk Panchayat office and Grama Panchayat office at taluk or village level.

(2) The procedure for de-notification of a declared notified area under sub section (5) of section (10) shall be as follows, namely:-

- (i) The Director shall obtain a report on the fluctuation of the groundwater table in the notified area and about the availability of groundwater in such notified area declared under sub-section (3) of section 10 every month from the Senior Geologist or Deputy Director in all the districts.
- (ii) The Director shall review the report sent by the Senior Geologist or Deputy Director every month in the notified area and if he is of the opinion that the availability of groundwater in such notified area has improved, consult various expert bodies which were consulted under sub-section (2) of section 10 regarding de-notification of such notified area.
- (iii) The Director after such consultation with various expert bodies, together with the report, send the proposal of de-notification of notified area to the Authority.
- (iv) The Authority considering the proposal regarding de-notification of the notified area and recommendation of the Director send the proposal with its specific recommendation to the Government to issue de-notification of the notified area.

6. Particulars of application and manner of making application under section 11.- (1) The application for grant of digging or drilling well/ Borewell and to extract and use of the groundwater in the notified area, for drinking water purpose and agricultural purpose shall be made to the Authority in Form-1A, along with a fee of rupees fifty. (Under, sub section (2) of section 11 of the Act) and,-

- (i) in respect of agricultural land, it shall be accompanied by the extracts of the record of right (RTC maintained under the Karnataka Land Revenue Act, 1964) regarding the ownership of such agricultural land;
- (ii) in respect of domestic users, it shall be accompanied by the Khata certificate and survey number of such property issued by the concerned local authority, documents pertaining to address proof, ownership of property including the tax paid receipts in the concerned Municipal Corporation, Town Panchayat or Grama Panchayat, as the case may be or the extracts of the Record of Right (RTC maintained under the Karnataka Land Revenue Act, 1964) pertaining to the property.

(2) The application for grant of drilling or digging well/ Borewell and for extraction of groundwater in notified area for industrial, commercial or entertainment purpose shall be in Form-1B made to the Authority along with a fee of rupees five hundred (under sub section (2) of section 11 of the Act) and shall be accompanied by documents granted by the competent authorities regarding the ownership of such industrial, commercial, entertainment establishment.

(3) The Form of permission for digging or drilling well and extraction for the purpose of agriculture or for drinking water shall be in Form-2A and the rejection order shall be in Form- 2B. The Form of permission for digging or drilling a well and extraction for industrial or other purposes shall be in Form-3A and the Form of Order of rejection order shall be in Form-3B.

7. Registration of existing users in the notified area under section 12.- (1) The application for registration of existing user of groundwater in the notified area shall be in Form-4 along with a fee of rupees fifty for drinking purpose and for agricultural purpose and in respect of industrial, commercial, entertainment or other purpose, it shall be rupees five hundred.

(2) The certificate of registration of the existing user of groundwater shall be in Form-5A.

(3) The Form of rejection of application shall be in Form- 5B.

8. Registration of drilling agencies under section 13.- (1) Persons who desire to carry on the business of digging well or drilling bore well for extraction of groundwater shall make an application in Form-6 to the Authority, along with fees for registration of drilling agency under section 13 (3), shall be Rs.5,000/- for each drilling rig, subject to the following conditions, namely:-

- (i) He must have the compressor of the drilling rig with the minimum capacity of 900/200 PSI;
- (ii) He must possess a machinery to drill a bore well of diameter of minimum of 152 mm;
- (iii) He must have appointed driller having minimum qualification of Diploma in Mechanical Engineering with a minimum of three years experience in water well drilling in hard rock terrain to undertake, drilling or digging operation and extraction of the groundwater.

(2) The Authority after satisfying the conditions specified in Sub rule (1) of Rule 8, may register each drilling rig and issue a Certificate of registration in Form - 7A for a period of two years and in case if he is not satisfied he may issue rejection order in Form - 7B and also indicate the reasons for such rejection.

(3) Every drilling agency shall also comply with the conditions specified in the Certificate of registration.

9. Collection and preservation of samples of soil, rock or water from the well.- Every person in charge of the Drilling a well as per the written instructions of the Authority shall collect and keep samples of soil and rock from every fifty meters depths in the Bore well being constructed and groundwater sample after the completion of the well and handover the sample so collected to the authority along with the details within three days after completion of such construction. Such soil and rock samples shall be dried in the sun and stored in plastic bags of half kilogram capacity, with the depths of sample collection noted on them, shall be preserved by the Authority up to three months from the date of receipt of the sample. Groundwater samples shall be collected in air tight one liter plastic container and preserved away from direct sunlight up to three months from the date of construction of well. The depth from which, by whom the sample was collected shall be recorded on the containers. The Authority shall examine these samples.

10. Furnishing the information.- (1) Every industrial or commercial or other user of groundwater who is required to install water measuring device shall install ISI specification measuring device to properly administer the groundwater usage and furnish information regarding extraction of total quantity of groundwater every month, to the specified officer of the Authorities at the district level.

(2) Every drilling agency shall furnish information regarding location, date and number of bore wells drilled with depth, casing and yield of each bore well every month to the concerned Authority at the concerned district.

11. Extraction of Groundwater for Commercial, Industrial and Entertainment use.- The Authority can take a view regarding the ceiling of withdrawal of Groundwater depending upon the situation.

12. Utilization of Authority fund.- The funds of the Authority shall be Utilized for the following purposes, namely:-

- (i) Travelling expenses of the members of the Authority.
- (ii) Sitting fee for non-official members of the Authority.
- (iii) Expenditure related to the meetings of the Authority.
- (iv) Stationery required for the Authority.
- (v) The expenditure incurred by the Authority while exercising its powers under the Act.

- (vi) Cost of purchase and repair of instruments required for scientific studies related to the Authority's work.
- (vii) Expenditure for purchase of vehicles required by the Authority and the cost fuel of and repair charges of these vehicles.
- (viii) Expenditure for the purchase of furniture, Computers, Photocopiers, typewriters and other office equipments required by the Authority.
- (ix) The Expenditure for payment of telephone, electricity and water charges of the Authority.
- (x) Salary and allowances of the staff of the Authority and for the other expenses of the Authority.

13. Operation of the Authority fund.- The funds of the Authority has 21 to be deposited in any Nationalized Bank by creating Joint Account in the name of the Chairman and the Director and may be operated with the approval of the Authority.

14. Budget of the Authority.- (1) The Budget of the Authority shall be prepared by the Chairperson of the Authority three months before commencement of next financial year by collecting estimated revenue receipts and expenditure details in the formats specified in the Form-8 and get the approval of the Authority to the budget and shall forward to the Government.

(2) After collecting revenue receipts from different offices considering estimated revenue receipt and opening balance, budget has to be prepared in Form-9A and 9B providing provision for salary and allowances of employees and to the office expenses.

(3) While preparing the budget for the annual programmes, two level budget has to be prepared: firstly budget allocation shall be made to on going programmes and then based on the availability of the funds, budget allocation for the new programmes may be made in the Form given in Form-10A and 10B.

15. Accounts and audit of the Authority.- The Accounts of the Authority fund shall be maintained as follows, namely:-

(1) The accounts of the Authority fund have to be maintained by the Accounts Officer of the Authority in charge of Accounts.

(2) The accounts of the Authority fund have to be maintained in double entry system.

(3) Internal audit shall be done by the accounts section.

(4) All the rules and regulations with respect to maintenance of accounts, auditing and settlement specified in the Karnataka Financial Code, Karnataka Treasury Code of Government of Karnataka, shall also apply to the accounts and audit of the Authority.

(5) The PWD SR rates shall muttatis muttandies be applicable to the Authority tenders.

(6) The provisions of the PWD code shall also muttatis muttandies apply to the Authority.

16. Annual report of the Authority.- The Authority shall prepare the annual report in the following manner, namely:-

(1) The calendar of events for the same is as follows:-

(i) First of April to 15th of April collection of progress report from different offices in Form-11

- (ii) 15th April to 30th April reconciliation of progress report from different offices.
- (iii) 1st week of May report publication after the approval of the Authority
- (2) The report shall contain following details:-
 - (i) Administrative details and targets.
 - (ii) Program achievement details.
 - (iii) Finance details with balance sheet.
 - (iv) Coming year planning details and vision.
- (3) The report shall contain all the statistical data of the Authority along with concern graphs.
- (4) Progress has to be shown in the form of graphs.
- (5) The copy of the annual report shall be submitted to the Government for laying before each House of the Legislature.
- (6) The Annual report shall be uploaded in the website of the Authority and made available to the public by collecting the cost of printing or rupee One per page whichever is less.
- 17. Recovery of dues as arrears of land revenue:-** The sum due to the Authority shall be recovered as arrears of land revenue with an interest of 18 percent per annum.
- 18. Compounding of offences:-** The offences committed under section 32 may be compounded on payment of an amount, equal to twice the amount of the penalty.
- 19. Rain water harvesting and Groundwater recharge:-** The Authority shall identify recharge worthy areas and give direction to the local authority, to implement the rain water harvesting structures only in the recharge worthy areas. Any person seeking permission for the construction of well or bore well shall comply with the technical opinion rendered by the concerned technical officer of the authority.

By Order and in the name of Governor of Karnataka
